

iLearn: View Your Grades

Center for Innovation in Teaching and Learning

Use the **Grades** tool on the navbar to check your grades on assignments and tests. You can see your individual grades, as well as the grade formula used for evaluation. Depending on how your grades are set up, you might be able to view comments and overall class performance statistics as well.

NOTE: Bonus grade items are displayed without the grade formula because they are added to the final grade after other calculations and may not adhere to the established grade scheme. Therefore, you can only view the numeric value and possible the weight of a bonus grade.
