

## Bachelor's of Science in Nursing

### **A**dmission Requirements

Admissions to the BSN program is competitive. Students are evaluated based on their GPA in college-level coursework, grades in college-level science courses, experiences with working or volunteering in healthcare, a personal essay and scores on the HESI A2 “Pre-Nursing” exam. Students must have at least a 3.0 in college-level coursework to apply.

### **W**hen Should I Apply?

Applications are available twice a year and applicants should plan on applying one semester prior to starting clinical coursework. Fall semester applications are available from December 1-February 1 and Spring semester applications are available from June 1-August 1. Students should plan on applying after they have completed two of the required science courses and after they have earned two full-time semesters of college credit.
