CLASS TRAVEL RELEASE FORM
TENNESSEE TECH UNIVERISTY

I realize that University sponsored travel is critical part of my education, and I recognize that certain risks are associated with such travel. My professor/laboratory instructor has provided safety information concerning such risks. Consequently, I will not hold Tennessee Tech University or any University employee responsible if an accident should occur while on a University sponsored field trip. In addition, if private vehicles are used on these field trips, I will not hold the owner of the vehicle responsible in the event of an accident.
