

Tech Buddies Program

International Buddy Program

Adjusting to a new cultural environment can be exciting and challenging. New international students at the Tennessee Tech University often have a lot of questions and concerns during their first weeks on campus. The International Buddy Program was created to ease the transition for international students, and to encourage lifelong friendships between cultures.

Typical "buddy" activities might include showing international students around campus, locating banks and grocery stores near the University, helping with an apartment search, chatting over a cup of coffee, going to parties, university events, or even going home with your buddy for the holidays.

Application form for Tech Buddies program

First Name	Last Name	T#
Address or Residence Hall and rm. number	Birth Country	Email
