

The follow instructions are for connecting the Tennessee Tech University’s wireless networks configured in the residence halls for student use internet access. If there are any issues with connecting to the wireless networks after following the below instructions please contact the ResNet support via: **Email: [resnet@tntech.edu](mailto:resnet@tntech.edu)** or **Phone: 6566**.

- 1) Click on your wireless network icon located in the bottom right hand corner of your or desktop.

- 2) Choose the network **RESNET\_WIFI**
- 3) Click the “**Connect**” button. Once your connection states is it “**Connected**” then continue onto step 4.

- 4) Open your preferred internet browser. (*i.e. Internet Explorer, Mozilla FireFox, Safari, and or Google Chrome.*)
- 5) Navigate to [resnet.tntech.edu](http://resnet.tntech.edu)
- 6) Login with your username and password.
