Welcome to Tennessee Tech University’s Dual Enrollment program! High school students who meet the eligibility requirements can get their college career jump-started by taking select college-level courses at a lower cost, helping them make a smooth transition to Tennessee Tech to complete their degree.

Dual Enrollment (DE) is different from Joint Enrollment (JE) in that the student receives instruction in the college level class at their high school from one of their teachers, not on campus at Tennessee Tech.

*PLEASE NOTE THAT ALL STEPS BELOW MUST BE COMPLETED FOR THE STUDENT TO RECEIVE CREDIT.*

*PLEASE NOTE THAT DEADLINES NOT MET WILL RESULT IN THE STUDENT NOT RECEIVING CREDIT.*

APPLYING:
1. The student will enroll in a DE class at their high school via coordination with their high school counselor. The counselor will provide the class roster and a ‘Letter of Recommendation’ to Tennessee Tech for the student.
2. The student will then apply to Tennessee Tech online at www.tntech.edu/apply.
3. Once the application is submitted, the student/parent will need to:
   • pay the $25 application fee. *unless student has applied before to Tn Tech...it is a one-time fee.
   • request a current copy of the student’s transcripts, both high school and any other college transcripts, be sent to Tennessee Tech to the address or email provided on the Dual Enrollment Checklist (Page 2 of this document).

Once all required documents are received and processed, the student will receive an admission decision via email with the student’s Tech ID (a.k.a. T#) and also their Tech username. The Tech ID & username are critical to setup their Tech Express (to access Tech email and Eagle Online). Tn Tech will then register the students for their chosen course(s) based upon the roster and information received from the high school. After TN Tech has registered the student, an invoice will be generated on the Eagle Online account.

PAYMENT:

Did you know that Tennessee Tech’s Dual Enrollment courses match the cost of community college? The current cost of our dual enrollment classes is $166/credit hour, which is a huge savings from our regular tuition! The TSAC Dual Enrollment Grant, provided by the state, can also help with the cost of these courses. The TSAC grant covers up to $500/class for the first two (2) classes taken, meaning that you can get two classes completely for free! After your first two classes, the grant covers up to $200 for the third class and $0 for the fourth class. **Note - For the fifth through tenth classes, students can choose to draw funds (up to $100/credit hour) from their TN HOPE scholarship if they would like.** This is done by completing the TSAC grant application each year. The TSAC grant application link is also on the Dual Enrollment Checklist.

• Please complete the grant A.S.A.P. Delays from missing transcripts or other forms can cause a delay in payment, resulting in parent/student paying for the course out-of-pocket. Once the TN State application deadline passes, the parent/student will have to pay for the class.

**Grant Application Deadline Dates:** September 15 – Fall Semester; February 1 – Spring Semester; May 15 – Summer Semester

• If a student has used the grant for DE at another school, they must update the TSAC grant to name TN Tech as the funds recipient.

• Students can take DE at two separate schools at the same time, but a Consortium Agreement must be submitted to TN Tech and the other school providing DE.
