2. Click *Make a Payment*.
3. You can either choose to pay current account balance by term or certain charges only. When you have made your selections, click *Continue*.
4. Select the payment method of your choice. You can select either a new credit card or checking account or a previously saved payment method.
5. If you are using a new account, you will be directed to enter the account information. You can also save this payment method for future payments. When all information has been entered, click *Continue*.
6. Payment confirmation information is displayed. Check carefully to make sure information and amount to be paid is correct. Read the terms and conditions, check *I Agree*, then click *Submit Payment*.
7. A receipt page will then be displayed. The confirmation number shown on this receipt is **not** your schedule confirmation number.
8. Check Eagle Online and make sure you have been confirmed.
