List Course Grades in the Following Courses:

Course	Grade(if repeated show all)	Semester Taken
HEC 1005		
HEC 1010		
HEC 2020		
HEC 2240		
CHEM 1010		
CHEM 1020		
BIOL 2350		

Current cumulative GPA: _____

Courses Currently Enrolled In:

Course Name, Credits	Department

DPD Retention Policy

Students who have been admitted to upper division dietetics must maintain a cumulative GPA of 3.0 or better EACH semester. Students must maintain a grade of B or higher in all HEC DPD Courses, and a grade of C or better in all Science courses or be subject to immediate dismissal from the DPD Program. Students may choose to re-apply another semester when grades have improved, courses retaken, and if an upper division slot is available.

Students will be retained in the TN Tech DPD program provided the following retention criteria are met EACH semester:

1. Completion of all required courses as outlined on the 120-hour B.S. Degree Curriculum for Human Ecology: Nutrition and Dietetics Concentration
2. Maintenance of a cumulative grade point average of minimum 3.0 GPA each semester, and an overall cumulative GPA of 3.0 (minimum) in DPD courses.
3. Once admitted to upper division, a letter grade of B or better is required in all HEC DPD courses each semester; and a grade of C or better is required in all Science courses.

The DPD Director monitors all DPD student grades at the end of each semester to verify adherence to retention requirements. Any student failing to meet retention requirements will be notified by email within ten days of final grade postings.

I understand the admission and retention requirements of the Nutrition and Dietetics program at Tennessee Tech. I understand a minimum cumulative GPA of 3.0, a grade of "B" or better in all HEC DPD courses and a grade of C or better in all Science courses is required in order to stay in the upper division Nutrition and Dietetics program and to receive a Verification Statement.
