### Methodology

The course is taught using the communicative approach. This means that we USE the Spanish studied by the students at home in meaningful, real-life contexts in the classroom. A variety of teaching techniques and formats are employed to optimize the students' use of Spanish in class, such as TPR (Total Physical Response), group work (involving conversations, role playing, and grammar and vocabulary exercises), audio and visual exercises, brief grammar reviews, cultural explanations, and assigned work from the online Website.

This is a Spanish language course. The professor and the students will speak only Spanish in class.

Computer Access: Students are required to have high-speed Internet access. You will participate in this class via the following platforms MWF: **iLearn, MS Teams and VHL Central.** We will be using MS Teams. Access link and code will be posted on iLearn.

Class Participation : Students must and will be held responsible for preparing for class DAILY. You are expected to come to Online meetings on Microsoft Teams prepared and ready to participate actively in class. You should realize that the class experience cannot be “made up” or re-created outside of class. Therefore, each time you are absent, you will lose all class participation points for that day. Exceptions to this policy will be considered on a case-by-case basis.

Oral Interview. You will have one formal oral interview, which will take place during the last third of the semester. This is an Online meeting on Microsoft Teams recorded interview. Your instructor will provide you with a sign-up sheet as the time approaches. Details about this oral exam and a grading rubric showing exactly how students are evaluated is available under “resources” on iLearn.

WEB-SAM online activities / Other homework -Your instructor will assign homework almost daily from the online WEB-SAM system. It is essential that students review, correct, and understand their mistakes; this process is an essential one when learning any subject. Students must complete the exercises in a timely manner, according to the attached class calendar. Homework on VHL Central is due on MWF at 11:59p.m.

The Lab Manual section of WEB-SAM is crucial because it offers the students listening and speaking exercises outside of the classroom. Students must complete the exercises in a timely manner, according to the attached class calendar.

Compositions -Each composition—there are two (2) during the semester. Will be assigned on iLearn please have your notifications on.

### University Plagiarism Policy

**“Plagiarism.** When you use (for example, quote or even summarize or paraphrase) someone else’s media, words, data, ideas, or other works, you must cite your source. You should be especially careful to avoid plagiarizing Internet sources (for example, e-mail, chat rooms, Web sites, or discussion groups). It does not matter whether you borrow material from print sources, from the Internet, from on-line data bases, or from interviews. Failure to cite your source is plagiarism. Students who plagiarize may receive an “F” or a “0” for the assignment, or an “F” for the course” (*TTU Student Handbook*)

### COVID – 19

1. Students must take personal responsibility in following the recommended CDC COVID-19 guidelines. Students are expected follow all COVID-19 directives published by Tennessee Tech including, but not limited to, notices on Tennessee Tech’s webpage, building and facilities signage, and similar publications. The university’s Return to Campus Student Handbook can be found at <https://www.tntech.edu/return/index.php>.
2. According to Tennessee Tech University’s protocols, face coverings must be worn (covering the mouth and nose) by students in the classroom at all times.

3. Students must abide by predetermined social distancing guidelines and seating arrangements. Movement during class sessions should be limited as to not endanger other students or faculty. Students should be conscious and respectful of others and their health concerns.
4. Students who refuse to comply with university protocols on these matters will be reported to the Tennessee Tech Dean of Students.
5. Students should direct all requests for excused class absences related to COVID-19, regardless of where the COVID-19 testing is performed, to Tennessee Tech's Health Services. The Office of Student Affairs will provide notifications to faculty members of student absences and the expected length of the absence.

### Course Requirements

A serious commitment to the study of Spanish is expected from each student. Students must promptly complete assignments **BEFORE** class. Punctuality and speaking Spanish in class are expected and required.

Please note that the classes are conducted almost entirely in Spanish.

### Student Conduct

The Department of Foreign Languages aims to provide an optimum learning environment in its classes. Students must also be responsible to meet this end. Therefore, we require that:

1. All cellular phones be turned off during class,
2. Students be respectful of the professor and their fellow students,
3. And, finally, students must arrive on time and leave at the end of the class.

Any deviations from these minimum expectations will result in the lowering of your class participation grade, and, if irresponsible behavior should continue, your final grade may be affected.

### Make-up Exam Policy

The professor will NOT create any exams for those students who missed an exam, whether the reason is excused or unexcused. For those students who have an excusable absence for the date of the missed exam, their final exam grade will replace their missed exam grade.

### Disability Accommodation

"Students with a disability requiring accommodations should contact the Office of Disability Services (ODS). An Academic Adjustment form should be completed as soon as possible, preferably by the end of the first week of the course. The ODS is located in the Roaden University Center, Room 112; phone 372-6119."
