Pandemic Regulations

This course is designated as a Hybrid, Web-Enhanced course. We will meet in class during our scheduled time on Mondays, Wednesdays and Fridays.

Due to the pandemic, the university has mandated the following requirements in order for students to receive in-class instruction:

1. Students must wear face coverings in Oakley Hall, which means that students must wear them in class. Any student not wearing an appropriate face covering will be required to leave class.
2. Students must maintain 6 feet of distance from others at all times in class and in the hallway.
3. Attendance will not factor into your final course grade. Instead, you will be evaluated according to the level of meaningful engagement you exhibit in the course.
4. Tech has reduced the capacity of classroom occupancy to 50%, which means only 12 students may be present in the classroom at any time.
5. Once the class is over, leave in an orderly fashion and do NOT linger in the hallway. If you have a question and there is not time to answer questions at the end of class, please e-mail me your question or concern.
6. Students must always walk on the right-hand side of hallways to maintain social distancing.

7. Although students are allowed access to Oakley Hall's Euro-Café (OKLY 217), the room's capacity is severely limited. Therefore, it is requested that students arrive as close to the beginning of class as possible to avoid lingering within the building as they wait for their courses to begin.
-
8. A student displaying any symptoms of COVID-19 is expected to self-quarantine immediately, in an off-campus residence if possible, and call Health Services at 931-372-3320 to arrange for medical care and/or COVID-19 testing or to seek medical care and/or COVID-19 testing off campus.
 9. A student awaiting the results of a COVID-19 test will be required to self-quarantine, in an off-campus residence if possible, until the results are reported.
 10. Students who test positive for COVID-19 must remain in quarantine, in an off-campus residence if possible, until Health Services releases the student to return to class.
 11. Students will direct all requests for excuses for class absences related to COVID-19, regardless of where the COVID-19 testing is performed, to Health Services.
 12. Based on Health Services' recommendations, Student Affairs will provide notifications to faculty members of student absences and the expected length of the absence. No health related information may be released in this notice.

[Communication: Presentational (Speak, Write, Listen, Read/View)]

[Communication: Interpersonal (Speak, Write, Listen, Read/View)]

Converse at an intermediate level, observing courtesy requirements and social demands of the Hispanic culture

[Communication: Interpersonal (Speak, Listen, Read/View)]

Understand the diverse culture of the Spanish-speaking world and describe some of its basic geographical facts.

[Cultures (Relating Cultural Products to Perspectives)]

Course Requirements

A serious commitment to the study of Spanish is expected from each student. Students must promptly complete assignments BEFORE class. Punctuality and speaking Spanish in class are expected and required.

Please note that the classes are conducted entirely in Spanish.

Methodology

The course is taught using the communicative approach. This means that we USE the Spanish studied by the students at home in meaningful, real-life contexts in the classroom. A variety of teaching techniques and formats are employed to optimize the students' use of Spanish in class, such as TPR (Total Physical Response), group work (involving conversations, role playing, and grammar and vocabulary exercises), audio and visual exercises, brief grammar reviews, cultural explanations, and assigned work from the online Website.

This is a Spanish language course. The professor and the students will speak only Spanish in class.

Topics

A detailed listing of vocabulary and grammar topics can be found in the Schedule of Assignments at the end of this syllabus.

Evaluation

The following grade criteria will be used to determine the final grades for this course:

A: 90-100 B: 80-89 C: 70-79 D: 60-69 F: 59 and below

GRADING BREAKDOWN: The course grade will be determined as follows:

(3) Exams = 45%

(3) Participation = 12%

Oral conversation = 5%

WEB-SAM online exercises / other homework: 12%

(2) Compositions = 6%

Final exam = 20%

Exams

Each 55-minute exam will cover all assigned material and will be given as indicated in the course calendar.

Participation

Each student is expected to participate actively in each class. Participation is evaluated on a daily basis and this grade, there are three (3), is given with each corrected exam. See explanation sheet on grading participation.

Oral Conversation

Conversations will be held in groups of two at the end of the semester as marked on the calendar. Each group will be aware of five possible scenarios from which one will be randomly chosen. After each conversation, the instructor may ask additional questions. Note: This is a conversation and should NOT be memorized.

WEB-SAM online activities / Other homework

Your instructor will assign homework almost daily from the online WEB-SAM system. It is essential that students review, correct, and understand their mistakes; this process is an essential one when learning any subject. Students must complete the exercises in a timely manner, according to the attached class calendar.

There is a question box within the system for you to use. Students are encouraged to ask their questions or state their concerns within the feedback box in Web-SAM.

It is best NOT to use Explorer, but rather Mozilla or another search engine.

The Lab Manual section of WEB-SAM is crucial because it offers the students listening and speaking exercises outside of the classroom. Students must complete the exercises in a timely manner, according to the attached class calendar. If the professor discovers that the student has recorded nothing on any recording exercise, s/he will receive a 0 for the assignment.

Students will receive a grade for the overall Work Book section of WEB-SAM activities and a separate grade for the Lab Manual section after each chapter. Students will receive full credit when scoring a 60 or above in each exercise.

Pop quizzes will be given at the instructor's discretion and calculated into this section of the grades.

Compositions

Each composition—there are two (2) during the semester—must be submitted by the due date and typed (using a computer) and double-spaced. Students will know the topic at least one week in advance. If the level is clearly above the student's written capabilities, the student will not receive credit for the composition.

Final exam

The final exam will cover all material learned during the semester and be given at its scheduled time during final exam week.

Student Academic Misconduct Policy

Maintaining high standards of academic integrity in every class at Tennessee Tech is critical to the reputation of Tennessee Tech, its students, alumni, and the employers of Tennessee Tech graduates. The Student Academic Misconduct Policy describes the definitions of academic misconduct and policies and procedures for addressing Academic Misconduct at Tennessee Tech. For details, view the Tennessee Tech's Policy 217 – Student Academic Misconduct at [Policy Central](#).

Attendance

Attendance is mandatory in this course. While attendance will not be calculated into your grade this semester, it is still extremely important to attend class and complete your online assignments in a timely manner. Students will likely be successful if they regularly come prepared to class. The opposite is also true...

An excused absence is one that occurs due to illness, injury, or death in the student's immediate family. The student must verify these circumstances with official letters as soon as they return to class. No excuses will be accepted one week after the circumstance occurred.

Please note: If you are participating in any university-sponsored event in which you must be absent from class, an official letter from a Tech faculty or staff member must list these dates and be presented to the professor at the beginning of the semester.

Disability Accommodation

Students with a disability requiring accommodations should contact the Office of Disability Services (ODS). An Accommodation Request (AR) should be completed as soon as possible, preferably by the end of the first week of the course. The ODS is located in the Roaden University Center, Room 112; phone 372-6119. For details, view the Tennessee Tech's Policy 340 – Services for Students with Disabilities at [Policy Central](#).

Student Conduct

The Department of Foreign Languages aims to provide an optimum learning environment in its classes. Students must also be responsible to meet this end.

Therefore, we require that:

Students refrain from eating and drinking in the classroom,

All cellular phones be turned off during class,

Students be respectful of the professor and their fellow students,

And, finally, students must arrive on time and leave at the end of the class.

Any deviations from these minimum expectations will result in the lowering of your class participation grade, and, if irresponsible behavior should continue, your final grade may be affected.

Make-up Exams Policy

The professor will NOT create any exams for those students who missed an exam, whether the reason is excused or unexcused. For those students who have an excusable absence for the date of the missed exam, their final exam grade will replace their missed exam grade.

¡Qué tengan un buen semestre!
