

Grading

- **Grades Tool in iLearn**
 - Use the Grades tool to record your students' grades for them to view online. You can also link other assessment tools to the Grades area so the feedback and grades from those tools automatically get recorded.
 - Make sure to view the setup options and choose your grading system (Weighted or Points) prior to beginning the grades setup.
 - [Watch the D2L Brightspace \(iLearn\) Grades Tool Video Playlist](#)
- **Rubrics**
 - The Rubric Tool integrates well throughout the system and into the Assignment and Discussions tools for grading.
 - [Create an Analytic Rubric](#)
 - [Create a Holistic Rubric](#)
 - [Add a Rubric to an Existing Item](#)
- **iPad Assignment Grader for iLearn**
 - If you have an iPad, this is a great app to use if you are using the iLearn Assignment Tool.
