

Awesome Access: Converting from a URL

Center for Innovation in Teaching and Learning

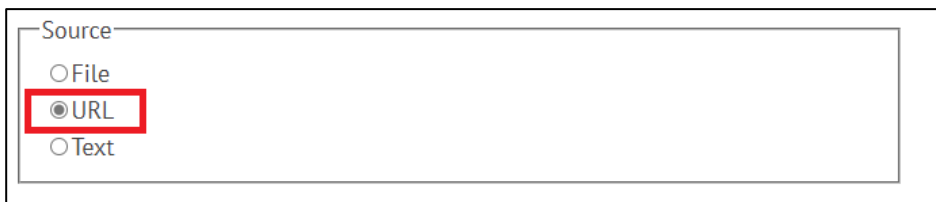

This document outlines the steps for how to use Awesome Access with a URL.

Awesome Access

Awesome Access is a program available to the faculty and students of TN Tech on the website that will make any file, URL, or text accessible following four steps. The program sends the completed accessible file in your preferred format to your specified email address.

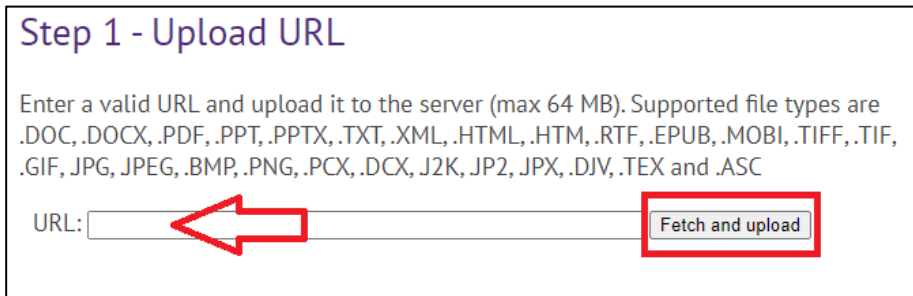

Converting from a URL

1. Go to [Awesome Access \(tntech.edu\)](http://tntech.edu)
2. Select **URL** from the source box
