

# THE CITL REPORT

## APRIL 2025

2025 Summer Intensive:

### Harnessing the Power of AI in Education

Register now for our 2025 Summer Intensive – Harnessing the Power of AI in Education. Participants can join in person on campus in the IDEAL Classroom (LIB112) or via Microsoft Teams. This workshop gives educators across the state an opportunity to explore AI in the classroom through interactive sessions, helpful resources, and an informative discussion panel. Topics include prompt generation, AI for assessment and alignment, and AI integration in teaching.

*Register Now*

Registration ends Monday, May 5th

### April 2025 Workshops

Tuesdays at 11 AM

REGISTER NOW

- April 8** Powerful Teaching: Retrieval Practice Refresher
- April 15** TechTrendsetter Highlight
- April 22** AI for Beginners
- April 29** iLearn Gradebook

### Summer & Fall Course Combines

As we are preparing for the summer and fall semesters, we wanted to remind you that the earlier you request to combine your courses the better. This allows our team to ensure your courses have been combined and provides you with time to ensure the combined course contains all needed information prior to the start of classes. Combining your courses earlier, also helps to ensure courses are ready for any quizzes or assignments that may be done during the first week of classes. To complete a course combine request, please use the link below. If you have any questions, please contact our office.
