Canvas Corner

As we approach the midpoint of the semester, don't forget to double check that your gradebook, assignments, and assessments are set up correctly in Canvas. Faculty are encouraged to review the Grading section in **Module 4** of the Canvas Faculty Training and refer to the guides and resources available on the [CITL website](#). You can also schedule a consultation with your college or school's Instructional Designer using the [CITL Consultations page on our website](#).
