

THE CITL REPORT

A newsletter of pedagogy, technology, and current trends in instructional design

CITL SUMMER WORKSHOP SERIES

Tuesdays at 11 am via Microsoft Teams

The CITL summer workshop series consists of replays of our most popular workshops from the past year mixed with a few brand-new workshops. Each week, on Tuesday at 11 am, we will replay a previous workshop with time for questions, or host a live workshop on a new topic. You can view the full summer schedule online at tntech.edu/citl.

CITL LIGHTBOARD STUDIO

The Center for Innovation in Teaching & Learning now has a Lightboard Studio available for use by all faculty! Lightboards offer a unique solution to recorded lectures and presentations where you would like to use a whiteboard but also want to be able to face the viewers.

Our lightboard studio services include the use of the lightboard, professional lighting, and recording equipment. Lightboard studio services are a free service provided to all Tennessee Tech faculty and staff. [Visit the CITL website to learn more.](#)

CITL Summer Intensive

Did you miss our CITL Summer Intensive? Don't worry, all of the sessions, resources, and more can be found on the CITL website. Just click the link below!
