

Enhancing Your Online Courses with YuJa Media

Agenda

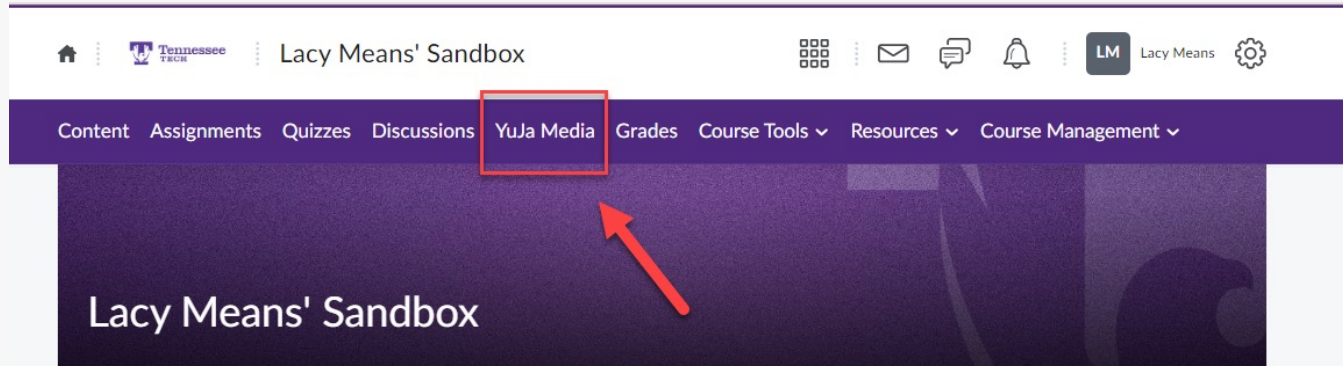

- What is YuJa Media and how do you access it?
- Why should you use YuJa Media?
- How do you utilize YuJa?
- Faculty Spotlight: Natalie Beach
- Q & A with Live Demo *(if time permits)*

What is Yuja?

- YuJa Media is an all-in-one video experience to securely create, manage, discover, collaborate, and live stream video content across any device.
- Built into iLearn
- Supported by CITL for both faculty and students

How to access your Yuja account:

Student Engagement

Student Engagement

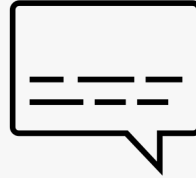

- Students can retrieve information with built in quiz features
- More interactive than a "sit and get"
- Built in transparency and accountability

Instructor Presence

- Use Yuja video for Announcements
- Create and share lecture videos
- Fosters a sense of connection with students

Accessibility

- Captions / Auto captions
- Transcripts
- Automatically added to created videos or can be requested for uploaded videos

Flexible Learning

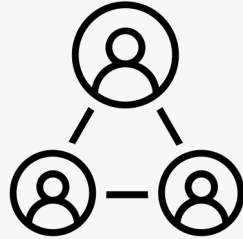

- Students can access content virtually anywhere
- Supports Personalized Learning
- Additional support or option for students to learn
- Students can use Yuja to create videos for assignments or presentations

Instant Feedback

- Grades can be automatically added to iLearn
- Students can see the answers to auto-graded quiz questions immediately

Resource Efficiency

- Fully supported by the CITL
- Fall SGIDs show students requesting resources—Yuja can be an easy win
- Organization features and sharing capabilities

Answer in the Chat!

- How do you currently use YuJa Media?
- If you do not currently use it, how would you like to start using YuJa Media?

Auto-Captioning / Transcripts

Requesting Auto-Captions

- Auto-Caption Requests
- Upload captions / transcripts from other sources
- Makes course more accessible

The screenshot displays the 'Media Details' window. At the top, there's a video player with a resume dialog box asking 'Where in the video would you like to resume?' with options 'Resume from 00:40' and 'Play from beginning'. Below the player is a sidebar menu with options: Actions, General, Thumbnails, Links, Downloads, Comments, Analytics, Quizzes, Accessibility (highlighted with a red box), and More Options. The main content area shows buttons for 'Auto Caption', 'Human Caption', 'Generate Indexes', and 'Upload'. Below these is a table with columns 'Name', 'Type', and 'Actions'.

Name	Type	Actions
English	SRT Caption File	
Transcript	Plain Text	
Transcript	PDF	

Below the table, there's a section titled 'Accessibility Alerts' with two checkboxes: 'Copyright Review' and 'Accessibility Review'. At the bottom right, there are 'Close' and 'Save Accessibility' buttons.
