

# Using HTML Templates & Creator+

01

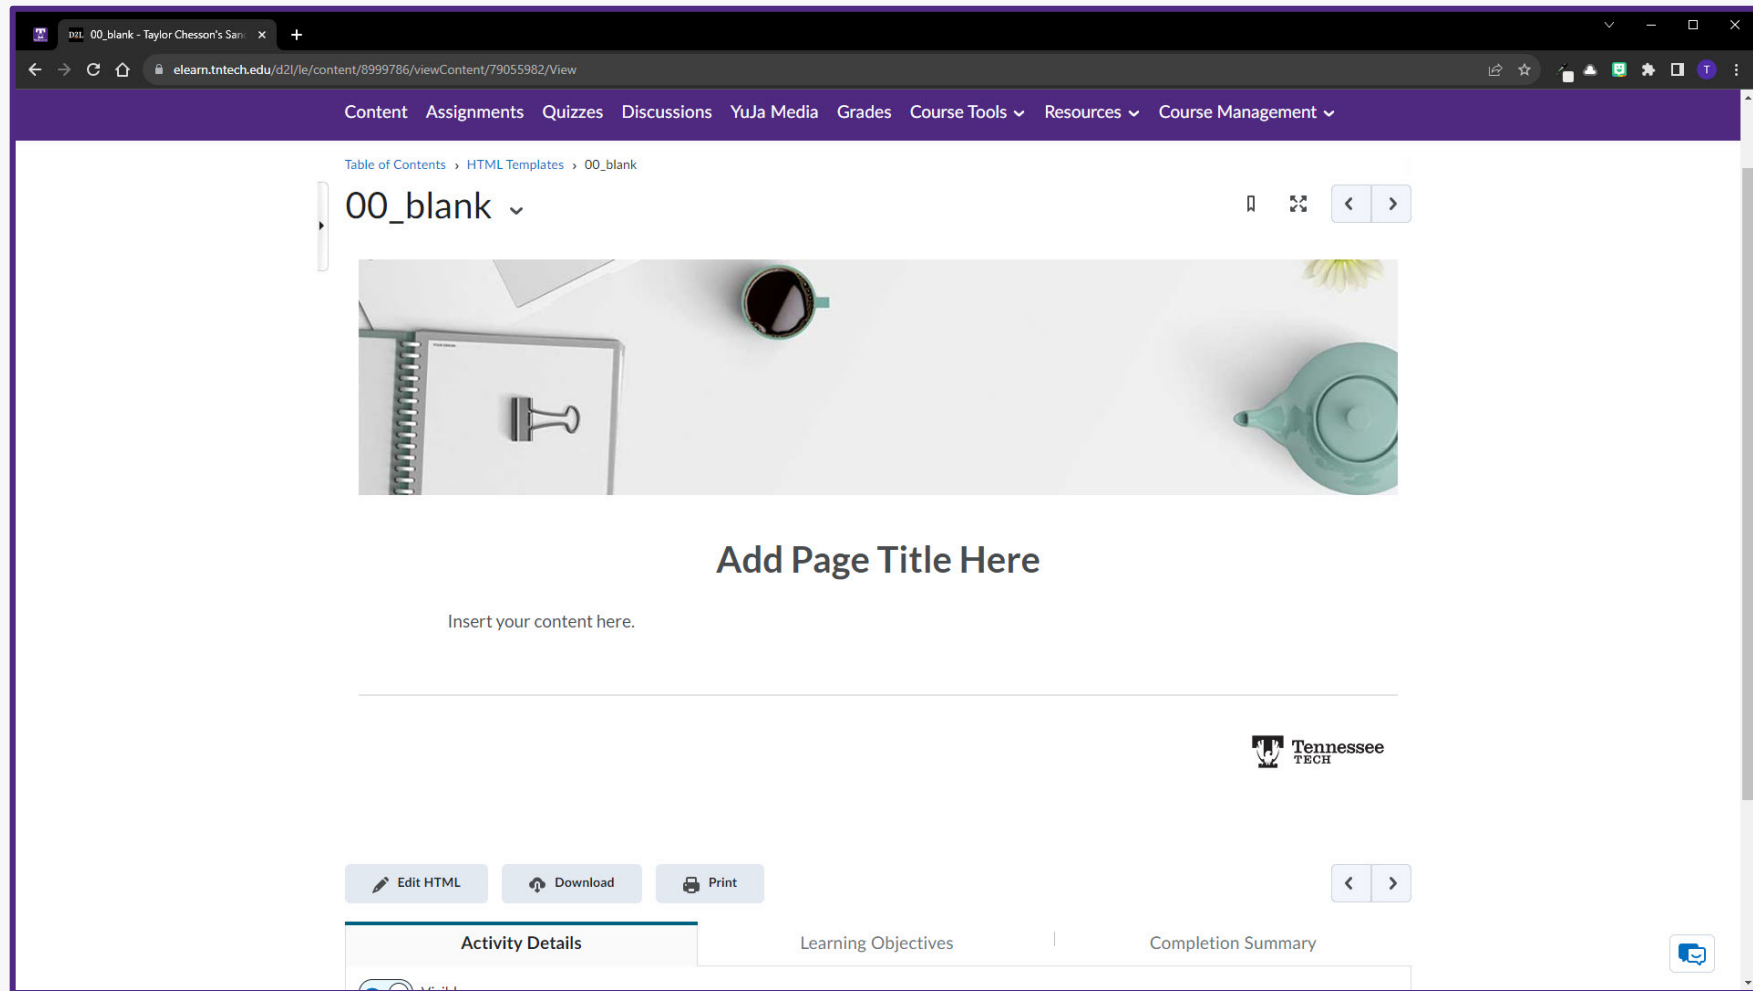

# HTML Templates

# Why use HTML Templates?

- Improve the visual quality of your content
- Encourage learner engagement
- Make your course more accessible
- House everything in iLearn

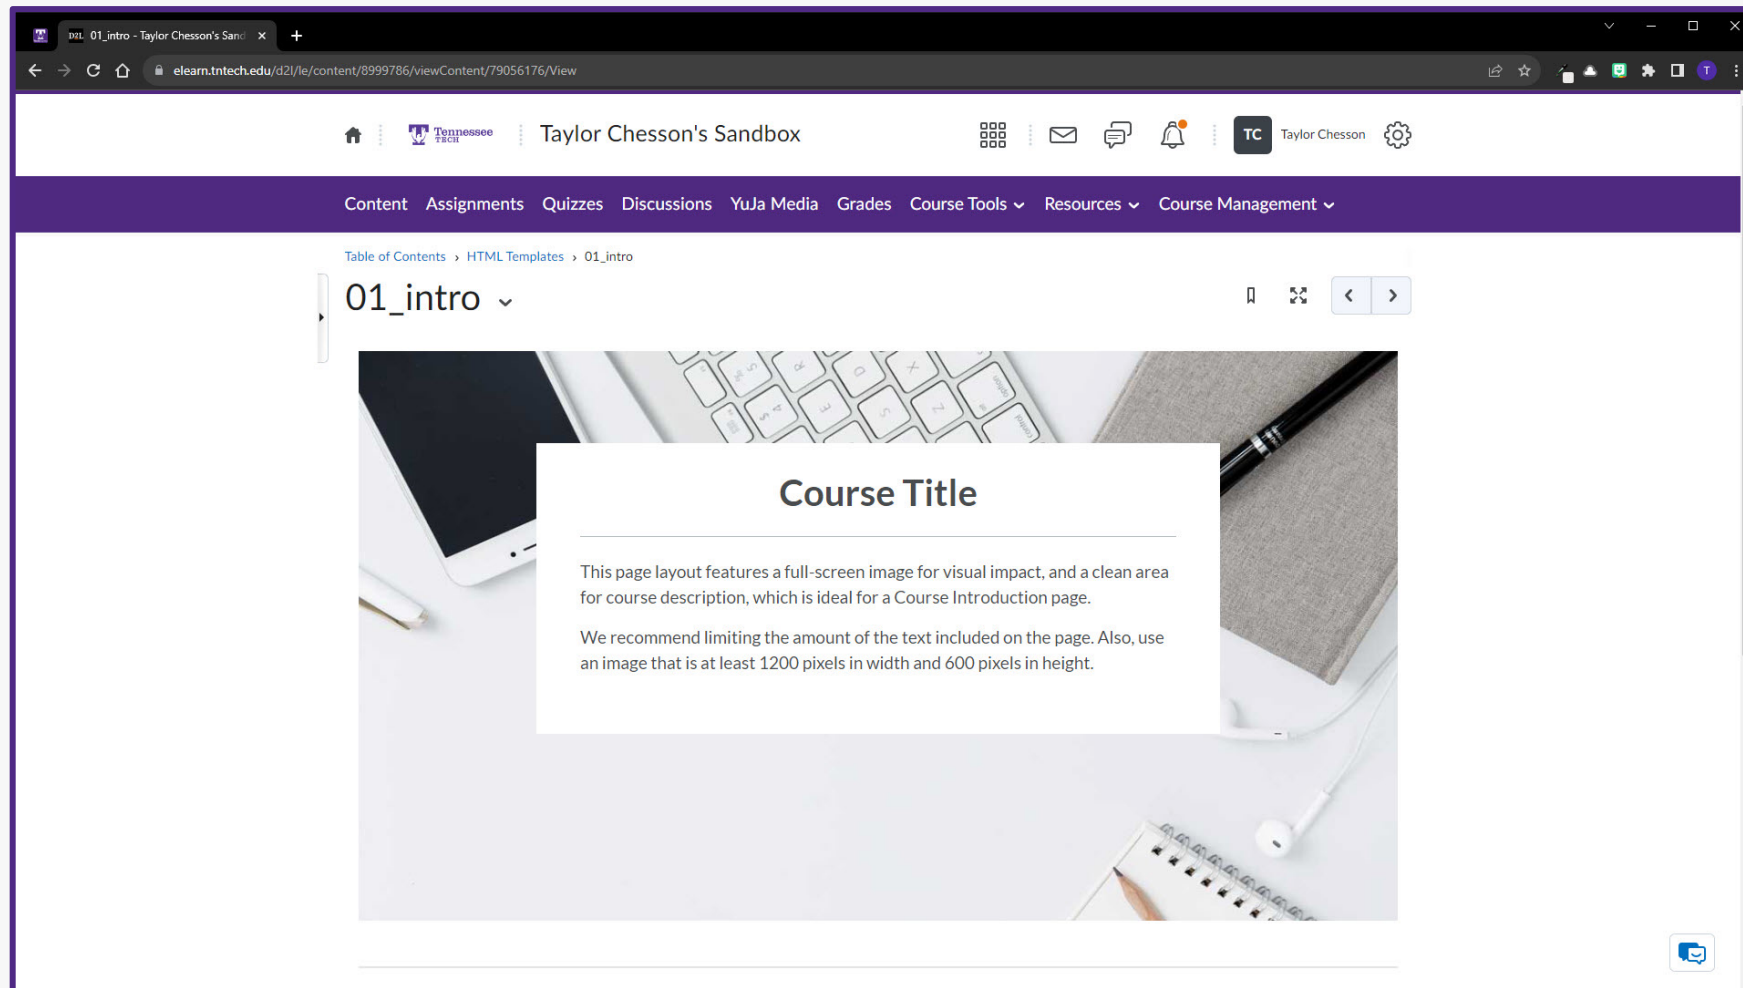

HTML Example:

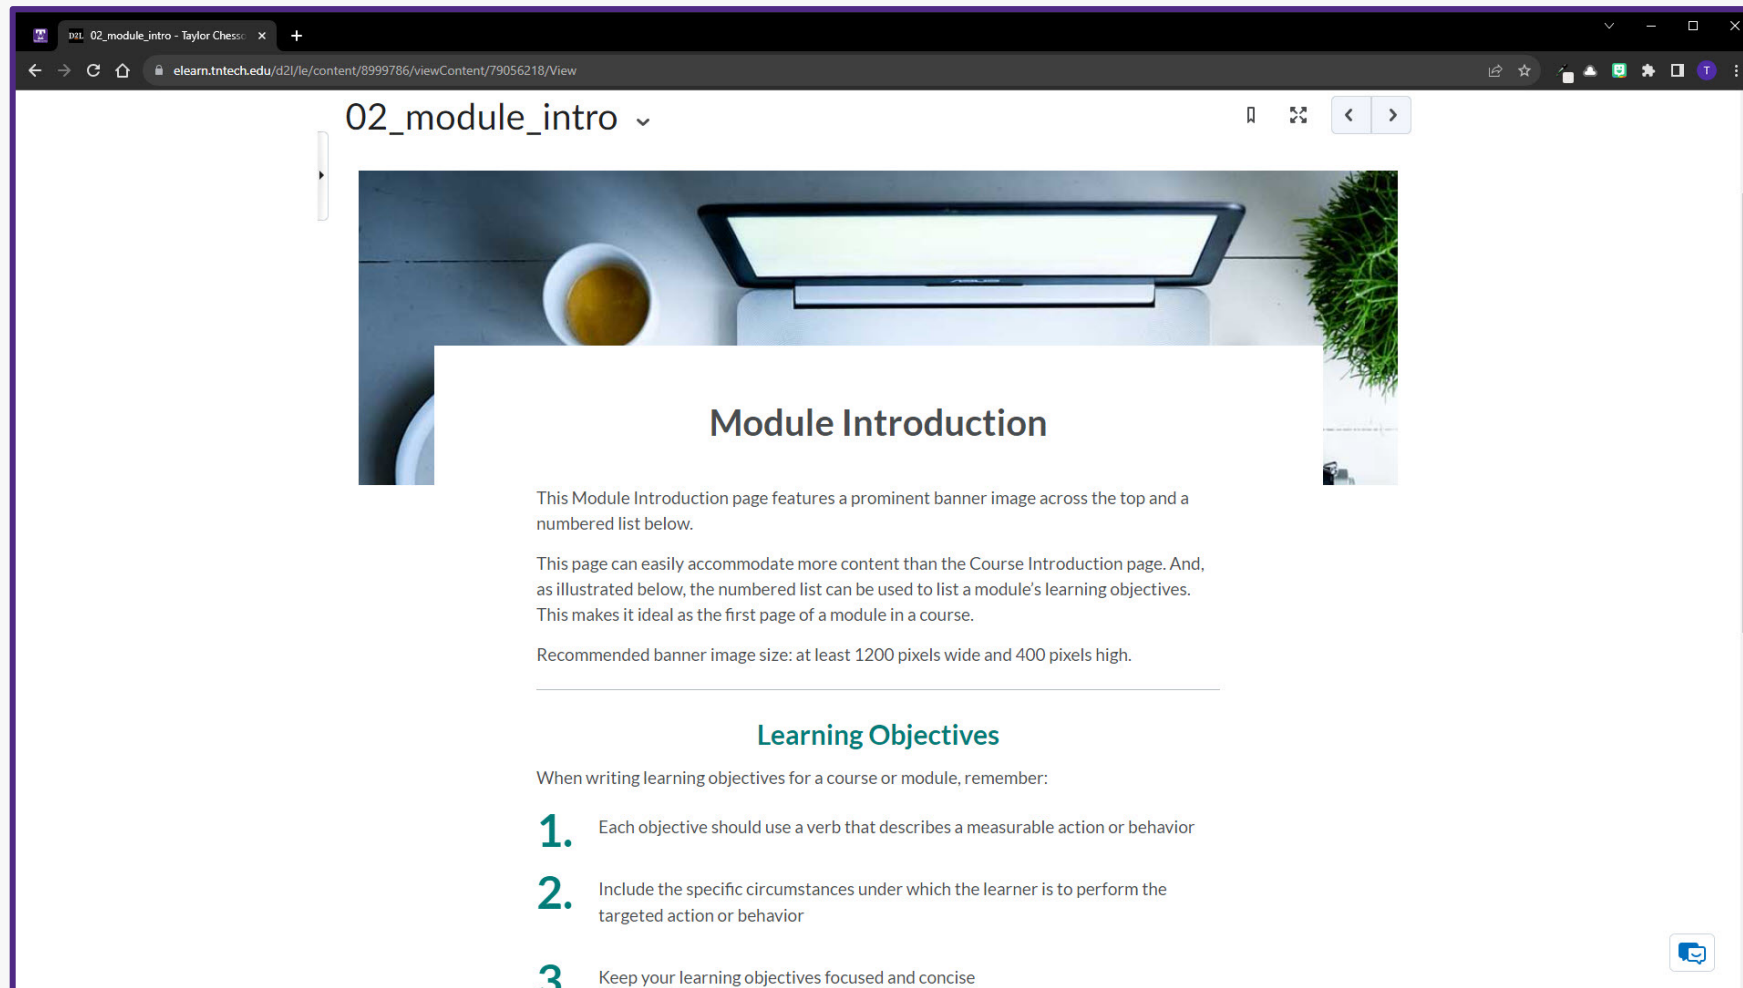

Blank

HTML Example:

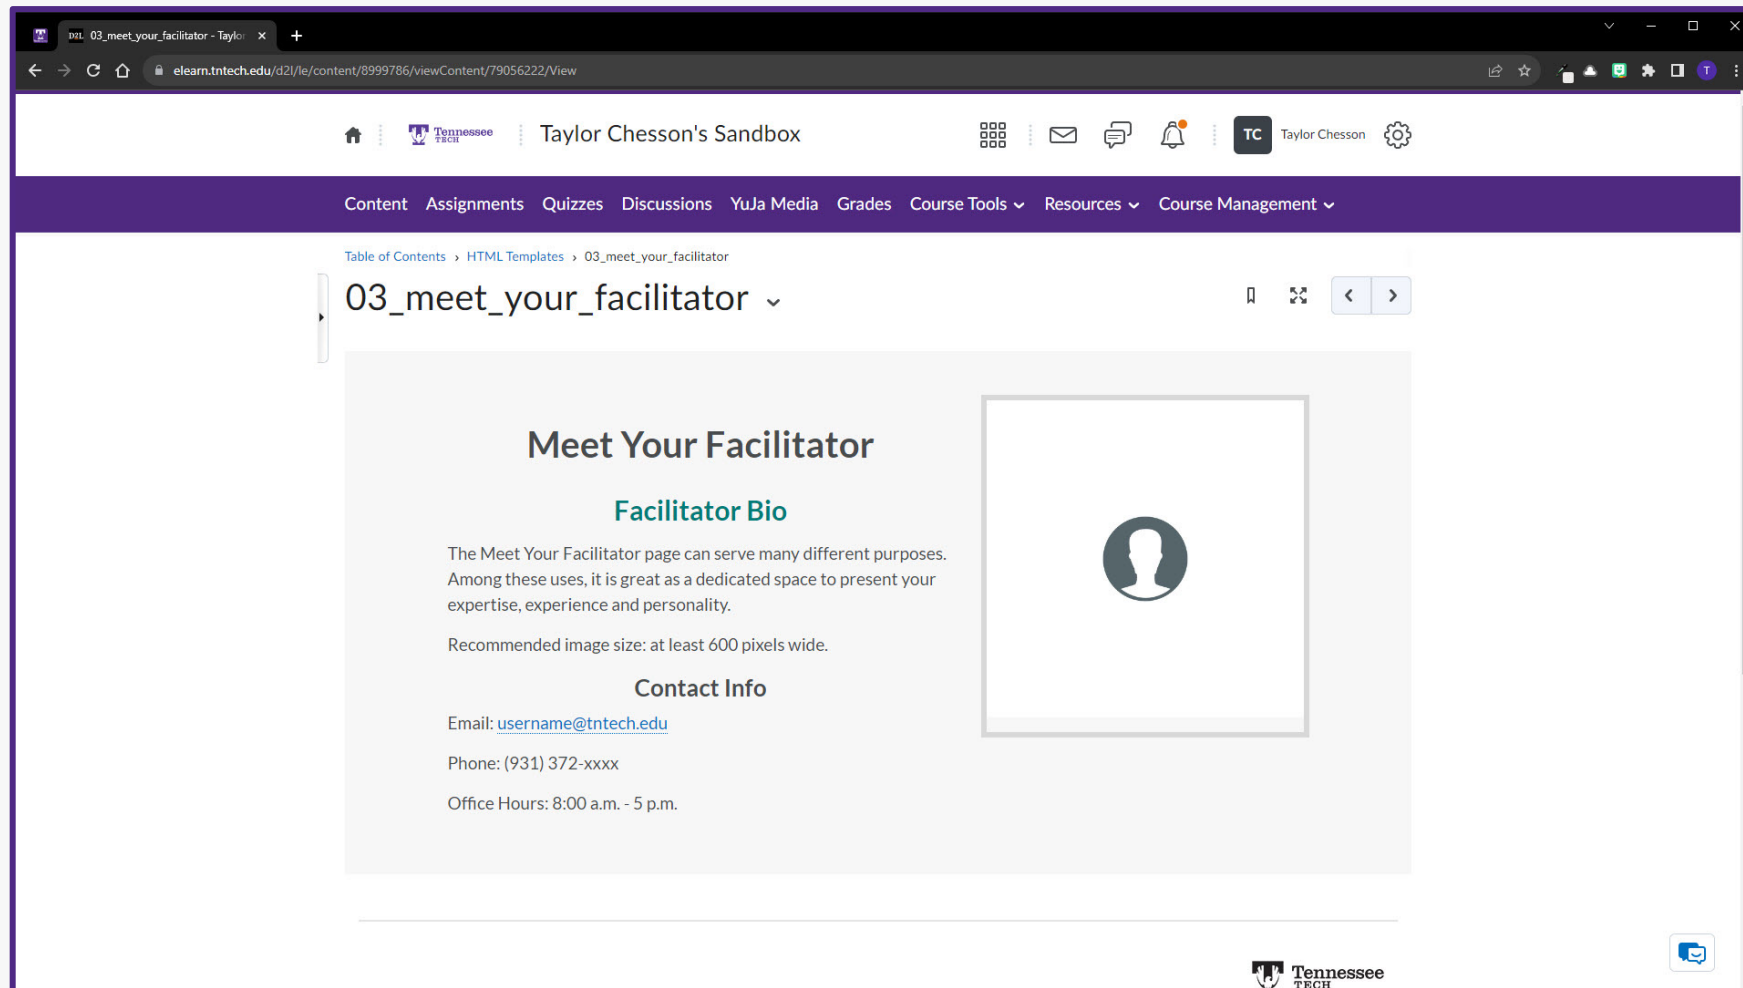

Introduction

Video Lecture

# How to Insert HTML Templates

- Go to **Content**
- Select the **Upload/Create** Button
- Choose **Create a File**
- Click **Select a Document Template**
- Choose your preferred template

# Creator+ Elements and Practices

# What is Creator+?

- Tool within iLearn HTML pages
- Enables you to add interactive components
- Increases student engagement
- Encourages retrieval practice

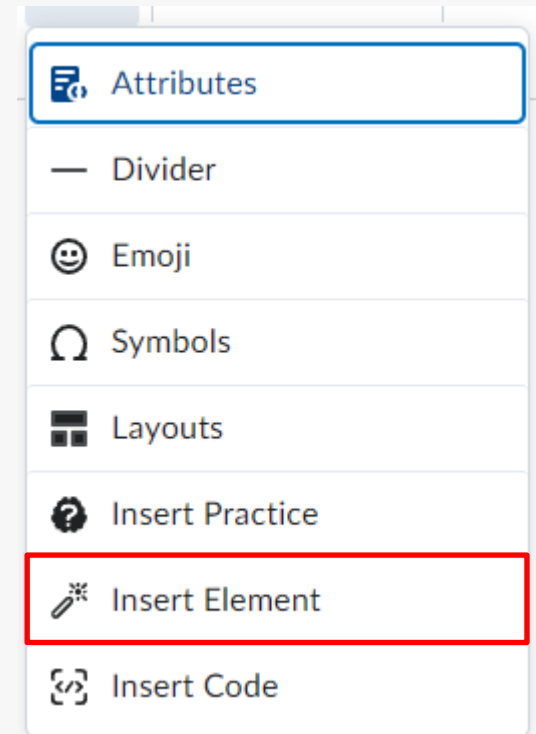

02

# Elements

# Elements

- Organize information
- Draw attention to a quote or key detail
- Create interactivity for the learner
