

SUMMER INTENSIVE

Join the CITL for our two day Summer Intensive where we will discuss best pedagogical practices. The interactive sessions will include information on course objectives, alignment, ChatGPT, academic integrity, & more! Lunch will be provided.

Day 1

Session 1: (8:00–8:45)

Building a Community of Learners

Introduce participants to the CITL Team and each other while creating multiple opportunities for engagement.

Session 2: (9:00–9:45)

Course Objectives

Focus on student learning objectives & Bloom's Taxonomy.

Session 3: (10:00–10:45)

Backwards Course Design & Alignment

Focus on aligning course activities and assessments with student learning objectives.

Session 4: (11:00–11:45)

Workshop: Course Mapping

Work with CITL staff to map and align their course(s).

In-Person: Bartoo Hall Rm 111

**Center for
Innovation in
Teaching and
Learning**

Day 2

Session 1: (8:00–8:45)

Making ChatGPT Work for You

Review ChatGPT and address its usefulness for the instructor.

Session 2: (9:00–9:45)

Academic Integrity & Authentic Assessment

Discuss academic integrity and look into practical ways to discourage student dishonesty.

Session 3: (10:00–10:45)

AI Task Force

Dr. Beach will discuss the steps faculty and students are making in regards to academic integrity and ChatGPT.

Session 4: (11:00–11:45)

Wrap-Up and Reflection

Provide time for discussion and application as faculty participate in a culminating activity.
