

College of Education

TENNESSEE TECH

Dean's Quarterly Update | September 2021

2021-2022 Scholarships & Awards

Congratulations Students! Thank You Donors!

It is the College of Education's great honor to present more than **\$167,000** in scholarships and awards to outstanding graduate and undergraduate students in the Departments of Counseling & Psychology, Curriculum & Instruction, and Exercise Science.

Without the long-term dedication of our generous donors and supporters many opportunities and experiences would not be accessible to some students. The college offers its sincere thanks to the individuals, groups, and institutions who make so much possible for our future professionals. Your support is invaluable. Your impact is immeasurable.

"The Colonel Jim and Frances Larkins and Jackie Middleton Educational Endowed Scholarship has given me the boost that I need to succeed in college by allowing me to purchase books and supplies. It is great to know my home community supports the future generations of educators."

- Eian Brown, Secondary Education

"This scholarship [Phi Delta Kappa Education Service Award] is helping me complete my education and enjoy college. It is getting me to a point where I can help people in the physical therapy field."

- Benjamin Maddox, Pre-Physical Therapy

Annual Scholarship Reception / October 14, 2021
