HOW TO READ THIS REPORT

The Educator Preparation Report Card contains four (4) domains: Candidate Profile, Employment, Satisfaction, and Provider Impact. Each domain is comprised of multiple metrics. To date, data has not been collected for the Satisfaction domain, so it will be unscored this year. A provider must have at least ten total completers or licensed, job-embedded candidates and must generate a score on at least one half of the metrics in each domain in order to generate an overall performance category rating. For more information, please refer to the technical guide.

The 2018 Educator Preparation Report Card presents data on the State Board's key priority areas for preparing educators for Tennessee. This is calculated using the percentage of points earned across all metrics. Category 1 represents the lowest performance, and Category 4 represents the highest performance.

The 2018 Educator Preparation Report Card will include data on three cohorts of completers (2014-15, 2015-16, and 2016-17). Performance on each metric is displayed in the format shown in the graphic on the right.

The score of **77.2** earned this EPP **1.7** of **3** possible points on this metric. This score increased **8.6** percentage points from 2016.

- 1** Scores in this range are below the scored range and earn an EPP no points.
- 2** This is the scored range. Scores in this range earn an EPP partial points proportionate to their score.
- 3** This range is above the target score. Values in this range earn an EPP maximum points.

Completer Placement Across Tennessee

With an enrollment of more than 10,000 students, Tennessee Tech is located in the Upper Cumberland. The educator preparation provider (EPP) at Tennessee Tech is in the College of Education (COEd) which includes the Departments of Counseling and Psychology, Curriculum and Instruction, and Exercise Science. The mission of the COEd is to provide unique and rigorous, learner-centered academic experiences for students to achieve their highest potential as life-long learners, professionals, and citizens. The college's vision is to be an empowering force in education. Programs prepare effective, engaging professionals through a year-long, clinically-rich residency program with a network of over 50 district partnerships across the state. In addition to a variety of non-licensure programs, Tennessee Tech's EPP offers 32 initial and 5 advanced licensure programs including a cluster of secondary education programs all uniquely housed within the College of Education.

**Due to challenges experienced with statewide student assessment in the 2017-18 school year, state law held students, teachers, and schools harmless from adverse actions based on results of those assessments. The data included in this report ensure providers are held harmless if any of their completers chose not to count their 2017-18 evaluation results due to assessment irregularities.
