

Kinslow Engineering Research Award Nomination

The Kinslow Engineering Research Award is given annually for the best paper authored or co-authored by a TTU College of Engineering faculty member and published in a refereed professional journal during October 1, 2025 – December 31, 2026. The selection criteria include both research innovation and research applicability. (The nomination letter is limited to five pages.)

NOMINATIONS ARE DUE March 15th.

Nominee(s): _____

Dept/Center: _____

Nominator: _____

Contact Address: _____

Phone: _____ ***Email:*** _____

Title of Article: _____

Journal Name: _____

Volume: _____ **Issue:** _____ **Date:** _____

Names of Author(s), as it appears in the publication:

(Attach a copy of the publication.)

A nominator may nominate only one paper, and the candidate (or two or more co-author candidates) for that paper. Self-nominations will not be accepted. In the case of multiple authors, the nominator, in consultation with the authors, shall describe the contribution of each author and their role. Nominators should comment on the quality of the journal that has published the paper. The nominator should also clearly identify the impact of the research presented in the paper.

Any full-time TTU CoE faculty member is eligible to be nominated for a paper he or she authored or co-authored and published during the designated period. The evaluation criteria for this award will include: research innovation, research applicability, and potential impact of the research conducted at TTU, the quality of the paper, and the reputation of the journal.
