SAVE-THE-DATE
Innovation Showcase 2019
Thursday, April 25, 2019 from 11 a.m. to 1 p.m. in the Leslie Town Centre

The annual Innovation Showcase shares engineering, computer science and engineering technology senior projects, or Senior Capstone Projects, with the community. The Senior Capstone Project in Engineering, Computer Science and Engineering Technology (SPECSET) at Tech integrates the phases of a real-world engineering design project—from the concept to the final client presentation—into a meaningful, hands-on undergraduate experience. Under the direction of a faculty advisor student teams work with an industry client to solve an engineering problem. Visit [SPECSET](#) for more information and to view the [2018 SPECSET Abstract Booklet](#).

Seniors:

- Download the [Abstract Template](#).
 - *Information from the abstract will be used to generate the SPECSET Abstract Booklet that is given industry representatives and project sponsors attending the showcase.*
