Facilities and Property Usage Policy

I. PURPOSE

A. The purpose of this policy is to provide a uniform basis upon which Tennessee Technological University ("University") can regulate and facilitate the use of campus property and facilities. It is intended to operate consistently with the University's educational purpose and mission, through the implementation of reasonable, content/viewpoint neutral regulations. This policy shall be implemented and construed so as to ensure no undue disruption of that mission; promote an educational atmosphere on campus; prevent commercial exploitation of students; preserve residential tranquility; and prevent use of campus property and facilities contrary to federal, state or local law, regulation, or the rules and policies of the Tennessee Board of Regents ("TBR") and the University.

B. In establishing this policy and the related University policies, the University recognizes the importance to the educational process and environment for persons affiliated with the University including officially recognized student organizations and other groups, to have reasonable access to, and use of, the educational facilities on its campus to hear various views. Simultaneously, the University also makes clear that its facilities are not open public forums, but are instead intended solely for use consistent with the advancement and orderly administration of its educational mission for the benefit of its students, staff, and affiliated entities. As such, the University does not ordinarily make its buildings or other facilities available to outside individuals or outside groups. Exceptions may be made only if the proposed use is consistent with University/TBR policies and the educational purpose and mission of the University.

C. Each University office responsible for receiving and processing Applications for Use of University Facilities and Property ("Application for Use") shall maintain a copy of this policy for inspection by groups, organizations and individuals interested in the use of University property and/or facilities and shall, upon payment of applicable copy fees, provide a copy of such policy upon request.

(2) "Affiliated Individuals" - persons officially connected with the University including students, faculty, and staff scheduling an affiliated event.
(3) "Non-affiliated Entities" - any person, group, or organization which is not an "affiliated entity or individual scheduling a non-affiliated event"
(4) "Non-affiliated Individual" - any person who is not an "affiliated individual" scheduling a non-affiliated event.
(5) "Student" - a person who is currently registered for a credit course or courses, non-credit course or program at the University, including any such person during any period which follows the end of an academic period which the student has completed until the last day for registration for the next succeeding fall or spring semester.
(6) “Normal Educational Activities” – activities that occur outside of the classroom to enhance and continue student learning and project completion. These include, but are not limited to the following: small group study sessions (whether organized by students, tutors, instructors or teachers); review sessions, open labs, student-teacher conferences; and students working together on class projects.

The University has designated certain facilities as available for rent to the general public at market rates, where the length/frequency of occupancy/use of campus facilities, or the nature of a particular building, facility or property or a particular purpose makes such agreements appropriate. (See Rental Rates / Usage Fees Schedule.) Such lease/rental agreements are not covered by this policy and will be executed subject to appropriate TBR policies and guidelines governing the lease of TBR or University property, including, but not limited to, TBR Policy No. 1:03:02:10 and TBR Guideline B-026.

12. In all cases where an Application for Use is approved, such use will be subject to the execution of an appropriate written agreement regarding the conditions applicable to the approved access/use, which shall include, but not be limited to, the terms and conditions set forth in this policy. 8. Faculty and/or affiliated entities may invite uncompensated, unaffiliated guest speakers for regular class sessions and/or meetings without prior application or approval where attendance at the class session or meeting will be limited to members of the class or affiliated entity and where no fee or compensation from state funds will be paid to the speaker.

9. Access to or use of campus facilities or property by affiliated entities/individuals for an event other than a regular meeting of its membership that will include an invited guest speaker and/or be open to persons outside group membership must be made through the procedures set forth in this policy. Any denial of a request to use campus facilities and/or property shall be based solely on factors related to reasonable regulations in light of the University’s mission and the nature of the facility or property requested and rendered in a content/viewpoint neutral manner. Considerations potentially leading to a denial of an application include the following:

1. The property or facilities have been previously reserved by another group, organization or individual.

2. Frequency of previous use during an academic period in comparison to that of a contemporaneous applicant;

3. Use of the property or facilities requested would be impractical due to scheduled usage prior to or following the requested use, or due to other extenuating circumstances;

4. The applicant or sponsor of the activity has not provided accurate or complete information required on the application for registration;

5. The applicant or sponsor of the activity has been responsible for violation of University policy during a previously registered use of campus property or facilities;

6. The applicant has previously violated any conditions or assurances specified in a previous registration application;

12. The activity presents a clear and present danger for physical harm, coercion, intimidation, or other invasion of lawful rights of the University’s officials, faculty members, or students, the damage or destruction, or seizure and subversion, of the University’s buildings, other property, or for other campus disorder of a violent or destructive nature. In determining the existence of a clear and present danger, the responsible official may consider all relevant factors;

13. A determination that the requested use would be contrary to local, state, or federal law, regulation, or the policies or regulations of the Board of Regents, or the University;

14. Insufficient institutional resources as deemed appropriate and necessary by the University for the event, as determined by the President or designee.

Factors used to determine the requirement for a performance bond, security and/or insurance coverage include, but are not limited to, large numbers of participants; dangerous or potentially dangerous activities; or significant investment of the University’s time and resources to stage the event, or any combination of the above, etc. Proof of compliance with this provision may be required in advance of an event.
