How to make the most of the fair:

- Have a game plan. Target employers.
- Prepare a 2 to 3 sentence script to introduce yourself.
- Tell the recruiter your name, class year, and job interests.
- Don’t ask the recruiter personal questions.
- Don’t ask the recruiter “what does your company do?”
  Research companies before the fair
- Ask the employer how to apply for their positions
- Ask the employer if they are interviewing on campus

Good Luck!
