GROUP HOSPITAL INDEMNITY

This brochure is a brief description of coverage and is not a contract. Read your certificate carefully for exact terms and conditions. Definitions, pre-existing condition limitation, limitations and exclusions, benefits, termination, portability, etc., may vary based on your employer’s home office. Please see your agent for the plan details specific to your employer.
Will your major medical insurance cover all of your bills?

Supplemental hospital indemnity insurance provides financial help to enhance your current coverage.

Your health insurance plan may pay only a portion of the total expenses a hospital stay or medical treatment requires. That likely would leave the rest of the bill for you to pay, plus any deductible or other expenses that are not covered by the plan. As a result, you could incur significant out-of-pocket expenses if you or a family member were hospitalized.

You don’t want to be caught unprepared in a medical emergency and have to rely on your family’s savings to cover the extra expenses you may face. This plan can help cover those expenses and protect your savings.

We will only pay this benefit once for each Covered Accident or Covered Sickness. If a Covered Person is confined to the hospital because of the same or related Injury or Sickness, we will not pay this benefit again.

PRE-EXISTING CONDITION LIMITATION

Pre-Existing Condition means within the 12-month period prior to the Effective Date of the certificate those conditions for which medical advice or treatment was received or recommended.

We will not pay benefits for any loss or injury which is caused by, contributed to by, or resulting from a Pre-Existing Condition for 12 months after the Effective Date of the certificate, or for 12 months from the date medical care, treatment, or supplies were received for the Pre-Existing Condition, whichever is less.

A claim for benefits for loss starting after 12 months from the Effective Date of a certificate, as applicable, will not be reduced or denied on the grounds that it is caused by a Pre-Existing Condition.

Pregnancy is a “Pre-Existing Condition” if conception was before the effective date of a certificate.

Treatment means consultation, care, or services provided by a physician, including diagnostic measures and taking prescribed drugs and medicines.

If a certificate is issued as a replacement for a certificate previously issued under the Plan, then the Pre-Existing Condition limitation provision of the new certificate applies only to any increase in benefits over the prior certificate. Any remaining period of Pre-Existing Condition limitation of the prior certificate would continue to apply to the prior level of benefits.
