Brian and Nicki,

Thank you so much for an outstanding job with the Thesis workshop. It was very professional and easy to follow. I would like to upload the video that communications filmed for us onto our website in the Thesis pages. To do that, I need your consent that it is okay with you to be on our website. If you are okay with this, just respond to this email. There isn't a formal consent form, I just need something in writing that you approve of the video on our website.

Thank you in advance!
