

How to View Your Response Rates (Faculty)

Article Number

000088557

Information

To view response rates for sections that you are teaching, please follow the steps below:

1. Log in to your campus' faculty portal by navigating to <https://yourschool.campuslabs.com/faculty>
2. Enter your campus credentials (the same information you use to log in to your campus computer)
3. Once inside the site you will see all courses that you are teaching for the current term. For each of the sections in this listing, you will see a response rate (as seen in figure A below):
