

Institutional Effectiveness Report 2018-2019

Program: Secondary Education

College and Department: College of Education, Curriculum & Instruction

Contact: Jeremy Wendt, Chairperson

Mission: The mission of the Department of Curriculum & Instruction is to enhance education and policy for the well-being of society through the creation, communication and application of new knowledge; preparation of scholars, researchers, educators and other professionals to meet the needs of our increasingly diverse, global, technological society; and outreach initiatives engaged with matters related to the local community, state, nation, and world.

Mission Brief: Learn from the past. Impact the present. Focus on the future.

Vision: Evidence-based, student-focused, future-oriented education for life-long learners.

Program Goals

PG 1: This program will prepare effective teacher candidates to apply their content and pedagogical knowledge and skills to contribute to the academic and developmental growth of diverse P-12 students.

Student Learning Outcomes

SLO 1: Program candidates will demonstrate content and pedagogical knowledge and skills by meeting or exceeding passing scores on the respective state licensure exam as set by the State Board of Education.

SLO 2: Program candidates will demonstrate content and pedagogical knowledge and skills by meeting or exceeding a passing score on the respective performance-based subject-specific assessment as set by the State Board of Education.

SLO 3: Program candidates will demonstrate content and pedagogical knowledge and skills in their clinical practice by scoring at or above expectations on the TEAM rubric.

A departmentally developed curriculum map can be found in Appendix 1 that shows the connections between courses and student learning outcomes.

Assessment Methods

SLO 1: Program candidates will demonstrate content and pedagogical knowledge and skills by meeting or exceeding passing scores on the respective state licensure exam as set by the State Board of Education.

- State licensure exams. Candidates take between one and six licensure exams in order to be recommended for licensure. The Praxis subject assessments measure candidates' content knowledge of the subjects they teach. The subject assessments measure subject-specific

teaching skills and content knowledge. Validity for the assessments is evidenced through multiple means, including job analysis; item writing and reviewing; standard-setting studies; test reviews; and ongoing reviews. Reliability is addressed via the standard error of measurement, reliability of classification, and reliability of scoring. Praxis is a proprietary assessment developed, regulated, and scored by ETS, and the Tennessee State Board of Education sets candidate cut scores.

SLO 2: Program candidates will demonstrate content and pedagogical knowledge and skills by meeting or exceeding a passing score on the respective performance-based subject-specific assessment as set by the State Board of Education.

- Performance-based subject-specific assessment. The edTPA is a performance-based assessment that assesses teaching behaviors that focus on student learning. edTPA is a proprietary, nation-wide assessment, developed by SCALE/Stanford and administered by Pearson. It is available in 27 individual content areas as a multiple-measures system that includes two primary components: 1) teaching-related performance tasks embedded in clinical practice that focus on planning, instruction, assessment, academic language, and analysis of teaching; 2) a three to five day documented learning segment. edTPA was nationally validated in 2013 to establish validity and reliability. The edTPA is professionally scored by Pearson, and the Tennessee State Board of Education sets candidate cut scores.

SLO 3: Program candidates will demonstrate content and pedagogical knowledge and skills in their clinical practice by scoring at or above expectations on the TEAM rubric.

- Tennessee Educator Acceleration Model (TEAM). In 2011 the State Department of Education implemented the Tennessee Educator Acceleration Model (TEAM) evaluation rubric—a comprehensive student outcomes-based statewide educator evaluation system. The majority of Tennessee educators across all content areas are observed multiple times throughout the year using this observation instrument developed by the State. This program uses the TEAM rubric as the primary assessment tool for evaluating teacher candidate performance and application of content knowledge and pedagogical skills during clinical practice. The TEAM rubric evaluates educators across three primary domains: instruction, planning, environment. Educators are rated across all domains on a scale of 1 (significantly below expectations) to 5 (significantly above expectations). The program chose to use TEAM to evaluate its teacher candidates in an effort to familiarize them with and best prepare them for this rigorous evaluation of teachers across Tennessee.

Results

Student Learning Outcome 1: Program candidates will demonstrate content and pedagogical knowledge and skills by meeting or exceeding passing scores on the respective state licensure exam as set by the State Board of Education. PRAXIS content exams: All candidates must pass their respective Praxis content exam prior to entering residency I/student teaching. Praxis summary reports show EPP scores compared to State and National averages, as well as a breakdown of our candidates in each quartile. All summary reports are posted on the EPP's website. Content areas that had five or less candidates scored

for each of the three academic years are Earth and Space Science, and Economics. These content areas were omitted from this report. See Tables 1–6 below for SEED PRAXIS data.

Table 1. Biology: Content Knowledge PRAXIS

Year	TTU			State		
	N	Pass Rate	Mean	N	Pass Rate	Mean
2017-2018	7	85.71	155.14	137	77.37	157.42

Table 2. Chemistry: Content Knowledge PRAXIS

Year	TTU			State		
	N	Pass Rate	Mean	N	Pass Rate	Mean
2017-2018	4	–	–	65	55.38	149.78

Table 3. Mathematics PRAXIS

	N	Pass Rate	Mean	N	Pass Rate	Mean
2017-2018	16	68.75	173.38	323	85.76	177.11

Table 5. Government/Political Science PRAXIS

Year	TTU			State		
	N	Pass Rate	Mean	N	Pass Rate	Mean
2017-2018	7	85.71	162.71	78	84.62	164.27

Table 6. World and U.S. History: Content Knowledge PRAXIS

Year	TTU			State		
	N	Pass Rate	Mean	N	Pass Rate	Mean
2017-2018	20	60	157	255	85.75	158.58

For the 2017-2018 academic year, TTU had 5 or less candidates take the Chemistry: Content Knowledge, Economics, and Earth and Space Science PRAXIS exams. Therefore, no statistical information was reported. A total of 7 TTU candidates completed PRAXIS for Biology: Content Knowledge. The total mean score was 155.14, with a pass rate of 85.71 percent. At the State level, a total of 137 candidates completed PRAXIS for the same content area. The total mean score was 157.42, comparatively higher than TTU's mean score, with a pass rate of 77.37 percent. A total of 17 TTU candidates completed PRAXIS for Mathematics. The total mean score was 156.71, with a pass rate of 52.94 percent. At the

State level, a total of 228 candidates completed PRAXIS for the same content area. The total mean score was 155.63, comparatively lower than TTU's mean score, with a pass rate of 49.56 percent. A total of 16 TTU candidates completed PRAXIS for English Language Arts. The total mean score was 173.38, with a pass rate of 68.75 percent. At the State level, a total of 323 candidates completed PRAXIS for the same content area. The total mean score was 177.11, comparatively higher than TTU's mean score, with a pass rate of 85.76 percent. A total of 7 TTU candidates completed PRAXIS for Government/Political Science. The total mean score was 162.71, with a pass rate of 85.71 percent. At the State level, a total of 78 candidates completed PRAXIS for the same content area. The total mean score was 164.27, comparatively higher than TTU's mean score, with a pass rate of 84.62 percent. Lastly, a total of 20 TTU candidates completed PRAXIS for World and U.S. History: Content Knowledge. The total mean score was 157, with a pass rate of 60 percent. At the State level, a total of 255 candidates completed PRAXIS for the same content area. The total mean score was 158.58, comparatively higher than TTU's mean score, with a pass rate of 85.75 percent.

Student Learning Outcome 2: Program candidates will demonstrate content and pedagogical knowledge and skills by meeting or exceeding a passing score on the respective performance-based subject-specific assessment as set by the State Board of Education. edTPA: edTPA is a performance-based assessment used to measure pedagogical skills and pedagogical content knowledge. It shows what candidates can do, rather than what they plan to do. It is holistic and reflective as candidates integrate learning from across the curriculum and examine teaching practices. The portfolio includes 15 rubrics across 3 tasks (planning, instruction, and assessment) to demonstrate teacher effectiveness. In 2017, the Tennessee State Board of Education voted to require edTPA of all teacher candidates seeking licensure in the state. This requirement will go into effect January 1, 2019; however, Tennessee Tech progressively implemented edTPA in 2012 for all programs with strong support for both candidates and faculty. Currently, candidates complete the edTPA during the residency II/student teaching clinical experience; each rubric is scored on a 5-point scale. Over the year (2017-2018), TTU has produced total mean scores higher than State and National levels. TTU mean scores exceeded both State and National levels for Secondary ELA and Secondary History/Social Studies. However, TTU mean scores did not exceed State and National levels for Secondary Math. There were no outstanding changes in number of completed portfolios for any areas. See Tables 1–5 below for edTPA data.

Table 1. Total mean scores for TTU, State, and National levels

	TTU	State	National
2017-2018	47.9	46.3	44.1

Table 2. edTPA data for Secondary ELA

TTU			State			National		
Year	N	Mean	Year	N	Mean	Year	N	Mean
2017-2018	7	50.3	2017-2018	100	47.8	2017-2018	3,293	46.1

Table 3. edTPA data for Secondary History/Social Studies

TTU			State			National		
Year	N	Mean	Year	N	Mean	Year	N	Mean
2017-2018	12	46.3	2017-2018	109	45.6	2017-2018	3,161	45.2

Table 4. edTPA data for Secondary Math

TTU			State			National		
Year	N	Mean	Year	N	Mean	Year	N	Mean
2017-2018	5	39.8	2017-2018	57	41.9	2017-2018	2,549	40.4

Table 5. edTPA data for Secondary Science

TTU			State			National		
Year	N	Mean	Year	N	Mean	Year	N	Mean
2017-2018	11	46.3	2017-2018	64	43.7	2017-2018	2,649	43.1

For the 2017-2018 academic year, the total mean score for TTU (47.9) was higher than State (46.3) and National (44.1) total mean scores. TTU had 7 candidates scored in Secondary ELA, whereas the State and National levels had 100 and 3,293 candidates scored, respectively. Regarding total mean scores for Secondary ELA portfolios, TTU (50.3) was comparatively higher than both the State (47.8) and National (46.1) levels. TTU had 12 candidates scored in Secondary Social Studies, whereas the State and National levels had 109 and 3,161 candidates scored, respectively. Regarding total mean scores for Secondary Social Studies portfolios, TTU (46.3) was comparatively higher than both the State (45.6) and National (45.2) levels. TTU had 5 candidates scored in Secondary Math, whereas the State and National levels had 57 and 2,549 candidates scored, respectively. Regarding total mean scores for Secondary Math portfolios, TTU (39.8) was comparatively lower than both the State (41.9) and National (40.4) levels. TTU had 11 candidates scored in Secondary Science, whereas the State and National levels had 64 and 2,649 candidates scored, respectively. Regarding total mean scores for Secondary Science, TTU (46.3) was comparatively higher than both the State (43.7) and National (43.1) levels.

Student Learning Outcome 3: Program candidates will demonstrate content and pedagogical knowledge and skills in their clinical practice by scoring at or above expectations on the TEAM rubric. TEAM: In 2011, the State Department of Education implemented the Tennessee Educator Acceleration Model (TEAM) evaluation rubric – a comprehensive, student outcomes-based, statewide educator evaluation system. The majority of Tennessee educators across all content areas are observed multiple times throughout the year using this observation instrument developed by the State (TEAM Rubric). The EPP uses the TEAM rubric as the primary assessment tool for evaluating teacher candidate performance during clinical experiences. The TEAM rubric evaluates educators across 3 primary domains: instruction, planning, and environment. Educators are rated across all domains on a scale of 1 (significantly below expectations) to 5 (significantly above expectations). The TEAM rubric aligns with InTASC standards 1-8,

demonstrating candidate mastery of Learner and Learning, Content, and Instructional Practice standards. First, the TEAM domain of Instruction (broken into 12 specific components) closely aligns to InTASC standards 1-5. Second, the TEAM domain of Planning (3 components) aligns to InTASC standards 6-8. Lastly, the TEAM domain of Environment (4 components) aligns to InTASC standards 2-3. TEAM rubric scores at and above expectations demonstrate candidate mastery of InTASC standards 1-8. See Tables 1–10 below for TEAM data.

Table 1. TEAM data

TTU				
Year	N	Instruction	Planning	Environment
2017-2018	1,212	3.53	3.48	3.77

The EPP chose to use TEAM to evaluate its teacher candidates in an effort to familiarize them with and best prepare them for this rigorous evaluation of teachers across Tennessee. Residency candidates are formally evaluated 3 times by a university supervisor and 2 times by a mentor teacher using the TEAM rubric, for a total of 5 TEAM evaluations across the residency year. Candidates, when evaluated 3 times each by university supervisors, earned the following mean scores on the TEAM rubric: 2017-2018 (n = 1,212 evaluations) Instruction = 3.53, Planning = 3.48, Environment = 3.77. Student teachers are formally evaluated 2 times by the university supervisor and once by the mentor teacher, for a total of 3 formal TEAM evaluations across student teaching (due to the 1-semester time limit versus 1.5 semesters in residency). See TEAM Evaluation Data for aggregate and disaggregate TEAM data for both residency and student teaching.

Table 2. TEAM data for Secondary Education Biology

TTU				
Year	N	Instruction	Planning	Environment
2017-2018	35	3.8	3.7	3.9

Candidates, when evaluated 3 times each by university supervisors, earned the following mean scores on the TEAM rubric: 2017-2018 (n = 35 evaluations) Instruction = 3.8, Planning = 3.7, Environment = 3.9.

Table 3. TEAM data for Secondary Education Chemistry

TTU				
Year	N	Instruction	Planning	Environment
2017-2018	4	3.0	2.8	3.3

Candidates, when evaluated 3 times each by university supervisors, earned the following mean scores on the TEAM rubric: 2017-2018 (n = 4 evaluations) Instruction = 3, Planning = 2.8, Environment = 3.3.

Table 4. TEAM data for Secondary Education History

TTU				
Year	N	Instruction	Planning	Environment
2017-2018	47	3.8	3.7	4.0

Candidates, when evaluated 3 times each by university supervisors, earned the following mean scores on the TEAM rubric: 2017-2018 (n = 47 evaluations) Instruction = 3.8, Planning = 3.7, Environment = 4.0.

Table 5. TEAM data for Secondary Education Math

TTU				
Year	N	Instruction	Planning	Environment
2017-2018	6	3.7	3.7	3.9

Candidates, when evaluated 3 times each by university supervisors, earned the following mean scores on the TEAM rubric: 2017-2018 (n = 6 evaluations) Instruction = 3.7, Planning = 3.7, Environment = 3.9.

Table 6. TEAM data for Secondary Education Political Science

TTU				
Year	N	Instruction	Planning	Environment
2017-2018	8	3.5	3.7	3.3

Candidates, when evaluated 3 times each by university supervisors, earned the following mean scores on the TEAM rubric: 2017-2018 (n = 8 evaluations) Instruction = 3.5, Planning = 3.7, Environment = 3.3.

Table 7. TEAM data for Secondary Education English

TTU				
Year	N	Instruction	Planning	Environment
2017-2018	33	4.0	3.9	4.2

Candidates, when evaluated 3 times each by university supervisors, earned the following mean scores on the TEAM rubric: 2017-2018 (n = 33 evaluations) Instruction = 4.0, Planning = 3.9, Environment = 4.2.

Table 8. TEAM data for Secondary Education Earth Science

TTU				
Year	N	Instruction	Planning	Environment
2017-2018	4	3.6	3.3	3.6

Candidates, when evaluated 3 times each by university supervisors, earned the following mean scores on the TEAM rubric: 2017-2018 (n = 4 evaluations) Instruction = 3.6, Planning = 3.3, Environment = 3.6.

Table 9. TEAM data for Secondary Education Geography

TTU				
Year	N	Instruction	Planning	Environment
2017-2018	3	3.5	3.5	3.8

Candidates, when evaluated 3 times each by university supervisors, earned the following mean scores on the TEAM rubric: 2017-2018 (n = 3 evaluations) Instruction = 3.53, Planning = 3.48, Environment = 3.77.

Table 10. TEAM data for Secondary Education Economics

TTU				
Year	N	Instruction	Planning	Environment
2017-2018	5	4.1	3.9	4.3

Candidates, when evaluated 3 times each by university supervisors, earned the following mean scores on the TEAM rubric: 2017-2018 (n = 5 evaluations) Instruction = 4.1, Planning = 3.9, Environment = 4.3.

Modifications for Improvement

English as a Second Language (ESLP 3100) was integrated into the curriculum to better prepare SEED majors for more diverse students in schools. The course was voted into all SEED programs with students to be enrolled in 2019-2020. Impact is to be evaluated when SEED students reach the classroom in 2021-2022.

FOED 6020 Perspectives in American Education OR FOED 7020 Philosophy & Public Policy	Peer Journal Responses: Students respond to peer journals to experience collaboration with other professionals with a view to foster learner growth and development.	Weekly Journaling Activities: Students demonstrate understanding that learners bring assets to learning based on their individual experiences, abilities, talents, prior learning, and peer and social group interactions, as well as language, culture, family, and community values through weekly practices of connecting their own experiences, prior learning, community values, etc. during journaling activities.	Weekly Participation & Peer Engagement: Students are encouraged to become thoughtful and responsive listeners and observers through weekly engagement with peers and are expected to observe and respond in a thoughtful way a minimum of five times each week for a participation grade.	Midterm Paper: Students are encouraged to recognize the potential of bias in his/her representation of the discipline and are expected to appropriately address problems of bias through analysis of their experiences of American education in their education biography midterm papers.	Weekly Readings and Research: Students are constantly exploring how to use disciplinary knowledge as a lens to address local and global issues through their critical engagement weekly with readings regarding the history of American education.

FOED 6020 Perspectives in American Education OR FOED 7020 Philosophy & Public Policy	Instructor Pedagogy: Students observe instructor pedagogy that understands and models multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making.	American Teacher Planning: Through critical engagement with the movie "American Teacher" the student is expected to demonstrate how learning theory, human development, cultural diversity, and individual differences and impact ongoing planning.	Instrutor Pedagogy: Students observe instructor pedagogy that is committed to exploring how the use of new and emerging technologies can support and promote student learning and are encouraged to incorporate these into their own practice.	Weekly Reflections: The students are engaged in ongoing professional learning and uses evidence to continually evaluate his/her practice, particularly the effects of his/her choices and actions on others through weekly reflection activities.	Leadership Readings Students read accounts of community involvement in schooling and explore the historical development of leadership structures in public schools in the United States.
