Institutional Effectiveness
2019-20

Program: Nursing TN eCampus MSN

College and Department: Whitson-Hester School of Nursing

Contact: Kim Hanna

Mission/Vision: The mission of the TN eCampus Master of Science in Nursing program is to use technology to improve access to high-quality, affordable, student centered graduate nursing education opportunities through cooperation with other universities. The vision of the TN eCampus Master of Science in Nursing program is a better life for Tennesseans through excellence in graduate nursing education. The program offers concentrations in Nursing Education, Nursing Administration, Nursing Informatics, and Family Nurse Practitioner (having the highest enrollment). Additionally, the program offers post-master's certificates (PMC) in the four aforementioned concentrations.
The purposes of the TN eCampus Master of Science in Nursing program are to:

- Increase access to graduate nursing education, especially for nurses aspiring to teach in entry-level nursing programs, manage professional practice work settings, and practice as advanced clinicians in a changing healthcare delivery system.

- Maximize the effective use of technology for delivery of graduate-level instruction. Distance delivery through the use of technology will increase access to graduate education, especially in remote areas of the state and for practicing nurses for whom time flexibility is a critical resource.

- Provide student access to web-based courses and degree programs. Web-based courses will reach populations not currently enrolled in graduate education, and will also permit students who are currently enrolled in on-campus courses to take additional courses, thus completing the program sooner.

- Encourage and support collaboration among TN eCampus institutions. Course development and delivery will be cost-effective because courses will be developed by one institution and used by all.

Program Goals:

PG 1. The Whitson-Hester School of Nursing will maintain compliance with required agencies.

   a. The Whitson-Hester School of Nursing will demonstrate ongoing accreditation through the Accreditation Commission for Education in Nursing (ACEN).

   b. The Whitson-Hester School of Nursing will demonstrate ongoing full approval of the Tennessee State Board of Nursing.

PG 2. Graduates of the Whitson-Hester School of Nursing MSN will pass certification.

PG 3. MSN students will graduate the program in a timely manner.

PG 4. Provide students with a strong group of academic faculty.

Student Learning Outcomes:

SLO 1. Graduate Student Learning outcomes

a. MSN students will synthesize nursing knowledge into evidence-based practice.

b. Practice advanced nursing roles in collaborative relationships across disciplines, managing health care within legal, ethical, and professional standards.

c. Promote positive changes in safe health care delivery, health policies, and nursing practice through quality improvement and safety standards.

SLO 2. Concentration specific outcomes

a. FNP - Demonstrate competency in providing primary care across the life span to individuals, families, groups, and communities.

b. Nursing Administration - Demonstrate advanced level nursing administration competencies in healthcare delivery systems, policies, and practice.

c. Nursing Education - Demonstrate nurse educator competencies in didactic and clinical settings, with a working knowledge of organizational structure and role responsibility.

A departmentally developed curriculum map can be found in Appendix 1 that shows the connections between courses and student learning outcomes.

Assessment Methods:

PG 1. The Whitson-Hester School of Nursing will maintain compliance with required agencies.

1. ACEN Accreditation and the TN State Board of Nursing: Self-study and on-site evaluations by ACEN provide an opportunity to examine closely all aspects of the academic program, including program quality relative to: 1) Mission and administrative Capacity; 2) Faculty and staff; 3) Student policies, development, and services; 4) Curriculum; 5) Resources; and 6) Student learning. Nationwide certification examination pass rates, evaluation of outcomes for congruence with similar on-ground programs, and percentages of students who obtain jobs serve to evaluate quality.

PG 2. Graduates of the Whitson-Hester School of Nursing MSN will pass certification.

1. ANCC and AANP National Certifications: The Family Nurse Practitioner (FNP) certification examination is an entry-level competency-based examination that tests clinical knowledge in family/individual across the life span (prenatal, pediatric, adolescent, adult, older adult, and elderly primary care). 90% of graduates should pass on their first attempt.

PG 3. MSN students will graduate the program in a timely manner.

1. TN eCampus Graduation and Retention Rates: Graduation rates defined by TN eCampus are 150% of the prescribed program length. Six years for FNP; Five and one/half for other concentrations.

PG 4. Provide students with a strong group of academic faculty.

1. TN eCampus Aggregate Faculty Outcomes: Aggregate Faculty Outcomes Consistent with and Contributed to the Achievement of programs, Mission, Goals and Expected Outcomes. In 2018 the WHSON revised the faculty outcomes to be more objectively measured.

- 90% of tenured/tenure track faculty hold a terminal degree.
- 100% of adjunct faculty members hold a master's degree in nursing or higher.
- 75% of tenured/tenure track faculty demonstrate at least two scholarly contributions from the following areas each year: manuscript or chapter submission; peer-reviewed publication; application for external/internal funding; achievement of external/internal funding; active IRB; state, national, or international presentation; review for professional journal; review for grant proposal.
- 100% of full-time faculty maintain college/university/community service contributions consistent with designated rank.
- 100% of full-time faculty who require national certification for teaching advanced practice nursing maintain certification in their specialty
- 100% of full-time faculty engage in at least one professional development activity each year, such as: workshop or conference attendance, earning CEUs, enroll in educational program of study, earn new or additional certification
- To demonstrate teaching effectiveness, the aggregate score on the Summary of Teaching Effectiveness from the Student IDEAS Evaluations will be at least 3.0 in these areas:
    - Summary Evaluation
    - Progress on Relevant Objectives
    - Overall Rating

SLO 1. Graduate Student Learning outcomes

a. MSN students will synthesize nursing knowledge into evidence-based practice.

b. Practice advanced nursing roles in collaborative relationships across disciplines, managing health care within legal, ethical, and professional standards.

c. Promote positive changes in safe health care delivery, health policies, and nursing practice through quality improvement and safety standards.

1. Graduate Student Learning Outcomes Metrics

Core SLOs	Metric	Benchmark
Synthesize nursing knowledge into evidence-based practice	**State of the Science paper**	**85% (grade book)**
Practice advanced nursing roles in collaborative relationships across disciplines, managing health care within legal, ethical, and professional standards.	**Fleming Clinical Evaluation Tool**	**85%**
	Ethical Dilemma Paper	**85%**
Promote positive changes in safe health care delivery, health policies, and nursing practice through quality improvement and safety standards	**Healthcare Safety Presentation**	**85%**
	Applying Policy to Practice Paper	**85%**

SLO 3. Concentration specific outcomes

d. FNP - Demonstrate competency in providing primary care across the life span to individuals, families, groups, and communities.

e. Nursing Administration - Demonstrate advanced level nursing administration competencies in healthcare delivery systems, policies, and practice.

f. Nursing Education - Demonstrate nurse educator competencies in didactic and clinical settings, with a working knowledge of organizational structure and role responsibility.

Concentration specific SLOs

FNP SLO		
Demonstrate competency in providing primary care across the life span to individuals, families, groups, and communities.	Practicum Standardized Exit Exam	Predictive score as defined by the standardized exam (as reported by testing agency)
	Final Fleming Evaluation Tool Score	85% (grade book)
Nursing Administration SLO		
Demonstrate advanced level nursing administration competencies in healthcare delivery systems, policies, and practice.	Final Clinical Evaluation Tool	85%
	Environmental Assessment and Analysis Assignment	85%
Nursing Education SLO		
Demonstrate nurse educator competencies in didactic and clinical settings, with a working knowledge of organizational structure and role responsibility.	Nurse Educator Final Evaluation Tool	85%
Nursing Informatics SLO		
Apply Nursing Informatics knowledge and skills required to manage technology in healthcare systems.	Clinical project	85%

Results:

PG 1. The Whitson-Hester School of Nursing will maintain compliance with required agencies.

a. The Whitson-Hester School of Nursing will demonstrate ongoing accreditation through the Accreditation Commission for Education in Nursing (ACEN).

b. The Whitson-Hester School of Nursing will demonstrate ongoing full approval of the Tennessee State Board of Nursing.

Tennessee Tech University's Whitson-Hester School of Nursing (TTU WHSON) is a current partner in the TN eCampus Master of Science Nursing program along with the Schools or Colleges of Nursing at Austin Peay State University, Tennessee State University, and the University of Memphis. In the Fall 2017, Middle Tennessee State University and East Tennessee State University, two members of the original consortium, left the consortium and are currently seeking accreditation as independent MSN programs at their respective universities. All course work is online, with the exception of the clinical practicum experiences. This program offers the following concentrations: Family Nurse Practitioner (FNP), Nursing Education, and Nursing Administration and is accredited by ACEN. In light of the potential effects with these schools leaving the TN eCampus MSN program, TTU WHSON will "teach-out' students in the TN eCampus and the school has an independent TTU Whitson-Hester School of Nursing MSN program.

TTU MSN program started Fall 2018 and offers the following concentrations: Family Nurse Practitioner (FNP), Nursing Education, and Nursing Administration. The TTU WHSON MSN program adheres to the curriculum and online course delivery of the current TN eCampus MSN program but all courses are taught solely by TTU faculty to exclusively TTU MSN students. TTU MSN program is seeking CCNE initial accreditation in September 2019. The TTU MSN program is expecting it's first graduates in Fall 2020

PG 2. Graduates of the Whitson-Hester School of Nursing MSN will pass certification.

In 2019, the TN eCampus (TTU Whitson-Hester School of Nursing-Home Students) FNP combined certification pass rate for first-time exam takers matched the AANP National first-time pass rate at 93%.

	2015	**2016**	**2017**	**2018**	**2019**
TTU Combined National 1st Time Pass Rate	79% (35/44)	84% (27/32)	77.14% (27/35)	85% (28/33)	93% (27/29)
ANCC National 1st Time Pass Rate	74.1%	81.6%	85.71%	86%	87%
AANP National 1st Time Pass Rate	81.6%	81.65%	79%	85%	86%

PG 3. MSN students will graduate the program in a timely manner.

Determining the 2019/2020 Academic Year Graduation by TNeCampus involves the student graduating within 150% of the designated program time frame for completion. While Tennessee Tech University may allow 6 years for completion, the designated time frame for the TNeCampus MSN program is 2 years, in this case the time frame would be those graduating within 3 years of starting the first nursing course (i.e. 150% of 2 years).

Determining the 2019/2020 Academic Year graduation rate based on the TN eCampus definition resulted in a graduation rate of 76% based on students having 3 years to complete the program. Unfortunately, there is no exclusion in ACEN's definition (**see below) for any exclusions such as withdrawal in good standing. With the removal of student withdrawals, the graduation rate would be 90%.

37 students enrolled in Summer 2016, Fall 2016 and Spring 2017 to correspond with IE reporting time frame.

28 students graduated within 150% of the projected program length.

6 students withdrew from program on good standing.

2 students were unsuccessful.

1 student has not graduated within the 150% of the designated time frame for completion; however, the student is currently enrolled on good standing.

**ACEN Glossary: Program Completion Rate- Percentage of students who graduate within a defined period of time. The definition used by the ACEN for a nursing program completion rate is the number of students who complete the program in no more than 150% of the stated nursing program length, beginning with enrollment on the first day of the first nursing course, which can vary based upon a nursing program option.

PG 4. Provide students with a strong group of academic faculty.

Actual Faculty Outcomes congruent with Expected Faculty Outcomes, Roles, and Evaluation of Faculty Performance.

Aggregate Faculty Outcomes-Current

Expected Faculty Outcomes for Full-time Faculty	Aggregate Faculty Outcomes[1]	Actual Faculty Outcomes[2]
90% of tenured/tenure track faculty hold a terminal degree. 100% of adjunct faculty members hold a master's degree in nursing or higher.	YES	MET 92.4% MET 100% Adjunct have MSN or higher
75% of tenured/tenure track faculty demonstrate at least two scholarly contributions from the following areas each year: manuscript or chapter submission; peer-reviewed publication; application for external/internal funding; achievement of external/internal funding; active IRB; state, national, or international presentation; review for professional journal; review for grant proposal.	YES	MET 100%
100% of full-time faculty maintain college/university/community service contributions consistent with designated rank.	YES	MET 100%
100% of full-time faculty who require national certification for teaching advanced practice nursing maintain certification in their specialty	YES	MET 100%
100% of full-time faculty engage in at least one professional development activity each year, such as: workshop or conference attendance, earning CEUs, enroll in educational program of study, earn new or additional certification	YES	MET 100%
To demonstrate teaching effectiveness, the aggregate score on the Summary of Teaching Effectiveness from the Student IDEAS Evaluations will be at least 3.0 in these areas: • Summary Evaluation • Progress on Relevant Objectives • Overall Rating	YES	MET CY 2019 Summary Evaluation 4.13 Progression Relevant Objectives 4.23 Overall Evaluation 4.2

1 Aggregate Faculty Outcomes Consistent with and Contributed to the Achievement of programs, Mission, Goals and Expected Outcomes

2 Actual Faculty Outcomes Congruent with Expected Faculty Outcomes, Roles, and Evaluation of Faculty performance

SLO 1. Graduate Student Learning outcomes

a. MSN students will synthesize nursing knowledge into evidence-based practice.

b. Practice advanced nursing roles in collaborative relationships across disciplines, managing health care within legal, ethical, and professional standards.

c. Promote positive changes in safe health care delivery, health policies, and nursing practice through quality improvement and safety standards.

Student Learning Outcomes for TTU – August 2020

EPSLO 1- Synthesize nursing knowledge into evidence-based practice	Review of all grades achieved on the **Nurs 5990 State of the Science Paper** across each academic year	Academic Year 2019-20: Total 85 students, 2 achieved less than 85%. ELA met – 98% achieved 85% or greater
EPSLO 2 Practice advanced nursing roles in collaborative relationships across disciplines, managing health care within legal, ethical, and professional standards.	Review of all grades achieved on the **Nurs 5609 Fleming Clinical Evaluation Tool** across each academic year.	Academic year 2019-20: Total 73 students, 0 achieved less than 85%. ELA met. 100% at 85% or greater.
	Review of all grades achieved on the **Nurs 5003 Ethical Dilemma Paper** across each academic year.	Academic Year 2019-20: Total 17 students, 0 achieved less than 85%. ELA met. 100% at 85% or greater.
EPSLO 3 Promote positive changes in safe health care delivery, health policies, and nursing practice through quality improvement and safety standards	Review of all grades achieved on the **Nurs 5003 Healthcare Safety Presentation** across each academic year.	Academic year 2019-2020: Total 17 students, 0 achieved less than 85%. ELA met 100% at 85% or greater.
	Review of all grades achieved on the **Nurs 5001 Applying Policy to Practice Paper** across each academic year.	Academic Year 2019-2020: 10 Total students, 0 achieved less than 85%. ELA met 100% at 85% or greater.

SLO 2. Concentration specific outcomes

a. FNP - Demonstrate competency in providing primary care across the life span to individuals, families, groups, and communities.

b. Nursing Administration - Demonstrate advanced level nursing administration competencies in healthcare delivery systems, policies, and practice.

c. Nursing Education - Demonstrate nurse educator competencies in didactic and clinical settings, with a working knowledge of organizational structure and role responsibility.

Student Learning Outcomes by Concentration for TTU – August 2020

FNP - Demonstrate competency in providing primary care across the life span to individuals, families, groups, and communities.	a. Review of all grades achieved on the **Nurs 5609 Fleming Clinical Evaluation Tool** across each academic year.	Academic year 2019-20. Total 73 students, 0 achieved less than 85%. ELA met. 100& at 85% or greater.
	b. Review of all grades achieved on the **Nurs 5609 FNP HESI Exit Exam** across each academic year.	Academic Year 2019-20:
Administration - Demonstrates advanced level nursing administration competencies in healthcare delivery systems, policies, and practice.	a. Review of all grades achieved on the **Nurs 5309 Administration Clinical Evaluation Tool** across each academic year	Academic Year 2019-2020: 3 total students. 0 achieved less than 85%. ELA met, 100% at 85% or greater.
	b. Review of all grades achieved on the **Nurs 5209 Education Clinical Evaluation Tool**	Academic year 2019-2020 Total 1 student, 0 achieved less than 85%. ELA met, 100% achieved 85% or greater
Education - Demonstrate nurse educator competencies in didactic and clinical settings, with a working knowledge of organizational structure and role responsibility	Review of all grades achieved on the **Nurs 5209 Education Clinical Evaluation Tool**	Academic Year 2019-2020, Total 3 students, 0 achieved less than 85%. ELA met, 100% at 85% or greater.

Modification for Improvement:

Program Goals 2: Graduates of the Whitson-Hester School of Nursing MSN will pass certification.

The curricular changes were implemented in the TTU MSN FNP concentration fall 2019. The first FNP students will graduate December 2020 and sit for certification in early 2021.

Appendices

1. Curriculum Map

Appendix 1: Curriculum Map

Required Courses and Experiences	WHSON MSN Program Objectives						
	Demonstrates knowledge and competencies in advanced nursing practice, nursing education and nursing administration	Integrate specialized knowledge and theories from nursing and related disciplines into advanced nursing roles	Use research to validate and refine knowledge relevant to advanced nursing roles	Practice advanced nursing roles in collaborative relationships across disciplines and in partnership with communities (i.e., nursing education, nursing administration, and advanced clinical practice)	Manage the healthcare of clients within legal, ethical and professional standards	Improve the health of clients among diverse population groups	Promote positive changes in healthcare delivery, health policies and nursing practice
