

Conclusion

Though this Conclusion page layout could be used for various purposes, it makes an excellent page to conclude each module. Using a consistent layout for conclusions will help signal to course participants that they have reached the end some portion of the course content.

Next Steps

To ensure your content is accessible to all learners, and conforms WCAG 2 standards, it is a good idea to run the [Brightspace Accessibility Checker](#) on each page you created. When in edit mode, select Check Accessibility. The checker pops up and indicates if the content is free of accessibility issues, or offers suggestions to fix any issues found.
