---

## Content Description

---

This collection includes various Tennessee Tech programs, pamphlets, fliers, booklets, guides, brochures, and ephemera created by the University. Archives created the collection to deal with various materials that either had no obvious home in University Archives or materials that had provenance at one point, but it was lost over the years. Rather than move small, one-off items to a larger collection, which requires a large amount of work, the archives created this to collection to deal with the current and future problems regarding materials of this nature.
