Scope and Contents

The Staff Advisory Committee to the President met to act in an advisory capacity to the President and/or the President's staff for the purpose of generating and recommending ideas, philosophies, procedures, and policies on topics deemed to be important to the Tennessee Tech's staff. Through this committee, staff could relay matters of university-wide concern to the President, and the President communicated information that would be disseminated to the staff. The committee also evaluated policies impacting Tech's staff for the purpose of presenting recommended changes to the President and to the Tennessee Board of Regents. This collection consists of agendas, minutes and memorandum generated from 1988 to 2003, arranged chronologically.
