

Immunization Requirements

PRIOR TO REGISTRATION: All students must fill out the **Hepatitis B/Meningitis waiver form** prior to registering for the initial semester. Both Part A and Part B **must** be signed. If not living on campus, please note on form and sign.

FULL-TIME REGISTRATION REQUIREMENT: Students must provide proof of **two (2) MMRs (measles, mumps, and rubella) vaccinations**. Proof of immunity to measles, mumps, and rubella may be provided by meeting one of the following 3 criteria:

- Date of birth before 1957, or TN high school graduation after 1998.
- Documentation of 2 doses vaccine against measles, mumps, and rubella given at least 23 days apart, excluding doses given earlier than 4 days before the first birthday, or
- Documentation of blood test (titer- serology) showing immunity to measles, mumps, and rubella, if any one of the three is negative, 2 doses of vaccine must be provided to Health Services.

Student must also provide proof of **two (2) Varicella (chicken pox) vaccinations**. Proof of immunity to chickenpox is required by meeting one of the following 4 criteria:

- Date of birth before 1980, or
- History of chickenpox illness diagnosed and verified by a healthcare provider, or
- Documentation of 2 doses of Varicella vaccine given at least 28 days apart, excluding doses given earlier than 4 days before the first birthday, or
- Documentation of blood test (titer- serology) showing immunity to Varicella.

All new incoming students living in on-campus housing, under the age of 22, must submit proof of adequate immunization. Adequate proof consists of documentation from a healthcare provider showing a single dose of **Meningitis (conjugate vaccine MCV4)** given **on or after the 16th birthday**. Booster doses are recommended for high risk patients every five years. College freshmen living in on-campus housing are at increased risk for infection.
