Dear Hiring Committee,

I am writing to express my interest in the Graduate Assistant position at Tennessee Tech University. I am eager to contribute my expertise to the preparation of competent, compassionate, and practice-ready nurses.

My nursing education and experience has strengthened my foundation in evidence-based practice, quality improvement, systems leadership, and the translation of research into clinical practice. Through my professional experience, I have worked in healthcare settings where I have applied advanced clinical judgment, interprofessional collaboration, and patient-centered care principles. These experiences inform my teaching approach and allow me to connect course content to real-world nursing practice.

I am passionate about nursing education and enjoy mentoring students as they develop clinical reasoning, professionalism, and confidence. I strive to create an inclusive, supportive learning environment that encourages critical thinking and active engagement.

I am particularly drawn to your nursing program's mission and commitment to excellence in education and practice. Thank you for your time and consideration.
