**Instruction for Academic Audit Team**

In accordance with the 2015-20 Quality Assurance Program Funding guidelines of the Tennessee Higher Education Commission (THEC), each non-accreditable undergraduate program undergoes either an academic audit or external peer review according to a pre-approved review cycle. If the program under review contains embedded Technical Certificates, the names of each certificate should be included above. The review of embedded certificates must be included as part of the program audit in which they are embedded. Embedded certificates do not require a separate *Academic Audit Rubric*.

The criteria used to evaluate an undergraduate program appear in the following *Academic Audit Rubric*. The *Academic Audit Rubric* lists 25 criteria grouped into seven standards. Criteria in standards 1-6 will be used to assess standards and distribute points to undergraduate programs utilizing the Academic Audit for the first time. For programs undergoing a follow-up Academic Audit, criteria 7 will also be used to assess standards and distribute points. The three criteria noted with an asterisk are excluded from the point calculation but will be used by the institution in their overall assessment.

For each criterion within a standard, the responsible program has provided evidence in the form of a *Self Study*. Supporting documents will be available for review as specified in the *Self Study*. As an Academic Audit Team Leader, you should evaluate this evidence and any other evidence observed during the site visit to determine whether each criterion within a standard has been met. A checkmark should be placed in the appropriate box to indicate whether the criterion is not evident, emerging, established, or highly developed in the program. If a particular criterion is inappropriate or not applicable to the program under review, the item should be marked NA.

The rubric will be shared with the department, college and central administration, as well as the Tennessee Higher Education Commission. When combined with the written report prepared by the Academic Audit Team, the *Academic Audit Rubric* will facilitate development of a program action plan to ensure continuous quality improvement.

Your judgment of the criteria will be used in allocating state funds for the institution’s budget.
