

Q & A

Q. Can I get an estimated square footage of the gyms outlined in the Request for Quotation?

A. Hooper Eblen Center Gym – roughly 35,680
Academic Wellness Center Gym – roughly 6,024 for each gym.

Q. In terms of game lines, logos, stencils, etc., these factors impact pricing significantly. If we are to price based on the RFQ, we will price NCAA basketball and volleyball game lines only, as the specifications do not provide information past these markings. We essentially want to make sure all quotes received by the University are comparable, and that we are able to provide a price for what the University desires for their courts.

A. We will use the Hoop Court Layout (located on bid page) as a rough layout for the Hooper Eblen Center floor. It will change, but this gives an idea of what to expect. The conference logos will be changing and need to be in the lane where the eagle heads are currently located. We may also include staining of the natural wood once sanded. All this will be determined once we begin the design and they start to show us different designs, and we will change from there.

As a reminder, we will have all NCAA basketball court marking and lines for both men and women and women's volleyball lines on both AWC courts. For the Hooper Eblen Center, we will have all NCAA basketball court markings and lines for both men's and women's basketball. We will only have the volleyball corner line markers, not full lines.
