

[GrantForward](#) is a search engine dedicated to helping institutions and individuals find grants to fund their research.

- GrantForward covers more than **30,000 sponsors worldwide** to provide a **comprehensive database** of thousands of **funding opportunities and pre-solicitations** along with a searchable database of **funded awards** that continue to grow with the most up-to-date information.
- GrantForward's **powerful search system** helps to reduce the burden of searching for grants with advanced search filters and specialized search features.
- GrantForward **researcher profiles** allow researchers to highlight their research achievements and interests to receive **personalized grant recommendations** that match their research needs.

Create Your GrantForward Account and Researcher Profile

- Start moving your research forward by [creating an account](#) (see this [Tutorial demo](#)) to access GrantForward. In order to be able to take advantage of all of the features that GrantForward offers, you will have to create an account using your institution's email address.
- If you would like to benefit from receiving **grant recommendations**, then you will also need to make sure to [create your researcher profile](#) (see this [Tutorial demo](#)).
