Innovation and Entrepreneurship Certificate

Student Guidelines

The Innovation and Entrepreneurship Certificate will provide a combination of explicit training in entrepreneurship and innovation (minimum 9 hours) and experiential learning through practical application (minimum 6 hours equivalent). Students that obtain this certificate will possess knowledge of language, process and strategies for innovation and hands-on experience of taking part in entrepreneurial activities.

Applicants must:

1. Apply for the certificate prior to or by the end of the first week of the semester in which the student plans to graduate. The certificate application must include:
 - a. The completed **Program of Study**, with signatures. The Program of Study must be received by the Office of Records by 4:30 on the seventh day of the students last semester.
 - b. The completed **Credit for Independent External Activities** form is to accompany the completed Program of Study form.
2. To qualify for the Evidence credit portion of the certificate requirements, students must submit a completed portfolio to their faculty advisor for approval. Evidence documentation must include:
 - a. Documentation of 252 hours of evidence through innovation and entrepreneurship activities (Written description and timesheet should be included)
 - b. Complete detailed documentation of two distinct activities in topics including:
 - i. Competing in innovation or entrepreneurship type contests;
 - ii. Conducting independent research, presented at a public forum;
 - iii. Starting a small business based on an innovative, novel idea; and/or
 - iv. Taking part in an organized program to mentor and train young innovators or entrepreneurs (for example Launch TN programs)
 - v. Complete the I&E Activity Rubric; and
 - vi. Achieve a minimum of 3 equivalent hours while working on a multi-disciplinary team, where multidisciplinary means working with peers that are outside of your degree department.

Portfolios will be evaluated by the student's I&E faculty advisor. Additional reviewers may also evaluate the student portfolio.

Key criteria for review of the portfolio will include:

1. How well the experience fits into the parameters defined in this program.
2. How closely the experience matches the skills, knowledge, or perspectives of the innovation and entrepreneurship program
3. To what extent the experience involves analysis and reflection in addition to the application.
